# Government Notice

The following document is published with and form part of this Gazette:

## STATUTORY INSTRUMENT

No. 42 of 2004 — Fiscal Incentives (Plut Pumice Ltd.) Order.

# Vacancy Notices

## POST OF AIDE-DE-CAMP

APPLICATIONS are invited from suitably qualified persons for appointment to the post of Aide-de-Camp to her Excellency, the Governor General/ Government House.

### **Qualifications:**

Applicants should possess:

Associate Degree from Sir Arthur Lewis Community College, plus two (2) years experience at Grade 10;

or

Two (2) A'Levels plus two (2) years experience at Grade 10;

or

Five GCE/CXC passes, plus eight (8) years experience at Grade 7 or above;

or

Certificate from a recognized University, plus eight (8) years experience at Grade 7 or above.

### **Relationships and Responsibilities:**

Works under the direction of and reports to the Governor-General and the Assistant Secretary.

Required to respond whenever necessary to the Governor-General and the Assistant Secretary on matters related to work in progress.

This position requires direct attendance on the Governor-General, including personal assistance as well as general oversight of the guards and some housekeeping activities.

Compliance with Departmental Guidelines and Standard Operating Procedures.

Effective implementation of duties, responsibilities and assignments as defined in the job description.

### **Duties and Task:**

Responsible for the personal protection of His/Her Excellency except at private gatherings. Police security is provided in such cases, unless otherwise directed by His/Her Excellency.

Attend on His/Her Excellency at public functions, including official or ceremonial events, and social engagements outside of Government House, except private engagements.

Follow-up appointments of His/Her Excellency to arrange time of arrival, seating arrangements and other pertinent issues regarding His/her Excellency attendance at public functions.

Attend on His/Her Excellency during the presentation of Credentials.

Meet and escort guests calling on His/ Her Excellency.

Responsible for meeting all persons visiting Saint Lucia as guests of His/ Her Excellency the Governor-General, arrange their travel itinerary whilst in Saint Lucia and arrange for their departure.

Arrange with Assistant Commissioner of Police for relief or additional driver for Government House and for outriders.

Attend to all appointments of offices to be made by the Governor-General under the Constitution of Saint Lucia.

Keep diary of all arrangements of the Governor-General and arranges for his/ her attendance at official functions.

Organize and manage receptions and events of the office.

Inform staff of functions taking place at Government House.

Supervises and monitor the activities of the Royal Guards and other Police Personnel attached to the Office of the Governor-General.

Perform such other duties as may be assigned from time-to-time by the Governor-General.

### **Conditions:**

The successful applicant will be provided with accommodation in a general administrative office.

Institutional support is provided through appropriate Civil Service Regulations and Departmental Guidelines.

Opportunities exist for personal development and career advancement through orientation, general and specialized in-service training.

This is a travelling post.

Salary is in accordance with the terms stipulated by Government in the Estimates of Expenditure or Collective Agreement.

This post is pensionable.

### **Skills, Knowledge and Ability:**

The applicant should have:

A working knowledge of, and ability to interpret Civil Service rules and regulations, Operating Procedures, Staff Orders, Financial and Store Rules, Collective Agreements, etc.

Knowledge of the Standard Operating Procedures contained in the Ministry's Operational Manual.

Potential for leadership and scholarship.

Decisiveness, soundness of judgement and clarity in issuing directives.

Knowledge of and experience in military paramilitary parades or parade formats.

Knowledge and training in the use of firearm, security and security procedures.

Sound knowledge of protocol matters.

Knowledge of, and experience in event planning and event management will be an asset.

### **Evaluation Method:**

Work performance will be evaluated on the basis of the following:

Timely completion of reports and the meeting of task deadlines.

Report quality as indicated by their clarity and accuracy.

Proven knowledge and understanding of, and the effective application of Civil Service Rules and Regulations.

**Salary:**

Salary is in the range of \$38,174.52 - \$40,483.80 per annum (grade 11).

Applications on the prescribed form along with curriculum vitae and certified copies of all certificates should be addressed to:

**The Secretary  
Public Service Commission  
Block A  
Waterfront  
CASTRIES**

To reach no later than June 30, 2004.

## POST OF **Community Liaison Officers (CLO)**

Applications are invited from suitable qualified persons for appointment to the post of **2 No. Community Liaison Officers (CLO)** within the Basic Needs Trust Fund (BNTF) Office for its Fifth Programme.

**Reports To :** The Project Manager

**Supervises :** N/A

**Classification :** N/A

**Relationship and Responsibilities :**

Work under the direction of and reports to the Project Manager.

Required to respond whenever necessary to the Chairman of the Project Steering Committee and Permanent Secretary of the Ministry of Social Transformation, Culture and Local Government and the Operations Officer of the Caribbean Development Bank (CDB).

Interface with independent consultants so engaged by the CDB.

**Duties and Tasks**

Meet with the Community Development

Department (CDD) or any other appropriate Ministry/Agency, Non-Governmental Organisations (NGOs), Community-Base Organisations (CBOs) or other social partner, periodically to inform them of the project and to secure from them ways in which the communities could participate and benefit from Project resources with their assistance.

Assist in training and sensitisation within the community and assist in problem analyses and preparation of requests in the form of BNTF sub-projects. The CLO will pay particular attention to constraints experienced by poor women and depressed/deprived communities and will assist in preparing proposals to be submitted to Government, the PSC and CDB.

Work closely with the PM, and the Ministry for Community Development, NGOs and CBOs and any other social partners to identify appropriate sub-projects for consideration under the Project.

Assist the PM in processing applications for sub-projects for submission to the PSC for funding under the Project.

Organise community meetings in collaboration with stakeholders and prepare appropriate briefs for project officials to discuss with members of the community, the community's contribution to the design and implementation of prospective sub-projects.

Develop public relations programmes along with the Community Development Department, NGOs, and CBOs to educate community members about the project and motivate them to become actively involved in sub-projects.

Monitor the involvement of community groups in identification, implementation and operation of sub-projects via field visits, reports and surveys.

Facilitate community participation to encourage "ownership" of sub-projects.

Estimate communities' overall contribution to sub-projects including cost of voluntary contributions.

Monitor the post implementation activities in partnership with sponsoring

agencies.

Assist in evaluation of social and economic impact of sub-projects on communities.

Attend PSC meetings as required, to report on activities and provide information on proposed sub-project profiles.

Utilise the OM and PRAP for guidance of all Project activities as appropriate.

Perform any other duties that may be assigned by the PM.

**Conditions**

The successful applicants will be:

engaged on a contractual basis; required to maintain a fully serviceable motor vehicle, capable of dealing with the difficult road terrains of rural communities, for the effective performance of duties; and required to work extensively outside working hours without remuneration.

**Standards**

Work performances will be evaluated on the basis of the following:

Timely and effective implementation of duties, responsibilities and assignments as defined in the job description.

Punctual and consistent attendance to duties.

Compliance with all technical and standard operating procedures embodied in the Operations and Administrative Manuals.

Timely and effective completion of targets set out in work plans.

**Qualifications and Experience :**

At least a Bachelor's Degree in Sociology, rural development or a related field with five (5) years experience working with rural communities.

**Skills, Knowledge and Abilities :**

Ability to speak Creole (patois) fluently.

Sound knowledge of the social life and culture of communities and the country.

Ability to plan and organize work and prepare concise reports.

Proficient in the use of computer, utilizing word-processing and

spreadsheet software applications and MS Project.

Ability to establish and maintain effective working relationships with associates and the public.

Ability to apply the participating methods to project implementation.

Administrative and management competence will be an asset.

**Salary** : In the range of \$3,922.00 to 4,302.96 monthly.

**Allowances:** Traveling: \$500.00  
Telephone (Cell): \$200.00

Applications along with two references and certified copies of documents pertaining to qualifications should be addressed to:

The Secretary  
Project Steering Committee  
Basic Needs Trust Fund  
79 Brazil Street  
CASTRIES

to reach us no later than Monday, 7 June, 2004.

# National Emergency Management Organisation (NEMO) Annual Report 2003/04

## Reports of the Standing Committees of NEMO

### National Committees

#### **National Telecommunications Committee Report on Activities for the period - 2003 to 04**

April 2003 to March 2004

Despite efforts by NEMO to pull resources together to revitalise the committee, The interim Chairman working and NEMO's technician have continued to ensure that all matters pertaining to telecommunications at NEMO maintained at an level acceptable to NEMO.

To date SLAPA, WASCO and LUCELEC are the only agencies which have responded positively to NEMO's request to sit on the committee.

The Director, NEMO and the interim Chairman have agreed on the following plan of action for the upcoming period:

- Setup a technical committee with representatives from selected agencies to serve as an advisory body to NEMO on matters pertaining to emergency communications in Saint Lucia.

Below is a report on the status of NEMO's telecommunications system.

No.	Location of Base Units	Remarks
1	Anse La Raye	Operational
2	Canaries	Operational
3	Soufriere	Operational – Equipment relocated to Bureau of Health Office
4	Bouton	No equipment at this site.
5	Fond St Jacques	No equipment at this site.
6	Choiseul	No equipment at this site.
7	Laborie	Operational
8	Vieux Fort	Operational
9	Micoud North	Operational
10	Micoud South	No equipment at this site.
11	Dennery South	Equipment out for repairs
12	Dennery North	Operational – New installation
13	Castries South	Operational
14	Castries Central	There is no equipment at this site.
15	Castries East	There is no equipment at this site.
16	Babonneau	Operational
17	Repeaters North and South	South Repeater in for repairs – Link radio in for repairs. A replacement is recommended

#### **Hand held Transceivers**

- Transceivers are assigned to the Chairpersons/representatives of the following district committees: Anse-La-Raye, Babonneau, Castries East, Dennery North and South, Castries SE, Canaries, Soufriere, Choiseul, Laborie, Vieux\_fort South and Micoud North and South.

### ***Training and Callouts***

- Training in the use of equipment was conducted under the OESC Emergency Response and Disaster Management Project
- Call out to commence weekly during hurricane season and monthly outside of the season.

### **Requirements**

- Full sets of equipment for Castries North, Castries East, Micoud South and Bouton

*Dermot Saltibus*  
*Interim Chairman*  
*National Telecommunications Committee*

### **National Oil Spill Committee** **Report on Activities for the period 2003 - 2004**

April 2003 to March 2004

Below is a summary of the Committee's activities for the period under review.

- (1) *August 6th to 8th 2003* - The Chairman and the On-Scene Commander Land Mr. Lambert Charles from the Saint Lucia Fire Service attended a two day training workshop in Bridgetown Barbados. The participants received training in the use of a computer software designed for emergency personnel for the management of emergencies. The Workshop was sponsored by CDERA and the US South Command.
- (2) *August 15th 2003* - Oil Spill at Castries Seaport involving a flat bed trailer with an unsecured cargo of an assortments of oils (lube and hydraulic).
- (3) *December 16th to 17th 2003* - Members of the committee participated in a simulation exercise hosted by HESS Oil Ltd. on. Responses from the Marine Police Unit were tested during the simulation.
- (4) *January 22nd 2004* - Final payment received from Saint Lucia Clay Products for the response and clean-up to the Cul-de-Sac oil spill of October 17th 2000.

Planned Activities:

- NEMO to explore the possibility of obtaining funds to acquire equipment for combating oil spills.
- Matters to be addressed by the committee:
  - (a) conduct of a simulation exercise
  - (b) training of first responders
  - (c) acquisition of oil spill clean-up equipment
  - (d) visits to selected industrial sites/ selected companies

***Dermot Saltibus***  
*Chairman Oil Spill Committee*

### **CASTRIES SOUTH EAST DISASTER PREPAREDNESS COMMITTEE**

In February the Community Development Officer for the Area attended a three day regional workshop in Barbados on the Creation

of Hazard Mapping.

Also in February 2003 some thirty- seven (37) community members from Castries South East participated in a four day workshop in Mass Casualty Management. Twenty- seven (27) of those participants received certificates in CPR and all participants receiving Certificates of Participation.

In April, five persons from the communities participated in training in Shelter Management.

The Committee met in June 2003 to discuss plans for the Symposium scheduled for July 2003. The purpose of this Symposium was to begin a process whereby Community Disaster Preparedness Committees would begin to structure their organizations like that of the Central body. With these structures in place, communities would therefore become more functional and be able to provide that link to the Core Committee.

The Symposium was held on July 31, 2003 with some twenty five (25) persons in attendance representing ten (10) communities from Castries South East. Communities presented information on the status of their community's preparedness and initial plans.

Throughout the year the Committee participated in various national activities to include a Use of the ECLAC Methodology in Assessing the Macro-economic and Social Impact of Natural Disasters Workshops and telecom call out.

The Committee provided NEMO with its Wish List which it hopes will commence the utilization of its newly constructed Warehouse located at L'Abayee.

In 2004 The Committee will meet to discuss Preparedness Plans for the New Year and will hold its second Symposium as a follow up of 2003 discussions towards the establishment of Community Disaster Preparedness Plans.

Background – Chairman of the Castries Southeast Committee at NEMO Meeting

Special emphasis will be made on the inclusion of prevention plans in the identification and construction of community infrastructural projects.

Committee and community members will also participate in training activities scheduled within the year.

The Committee looks forward to a more active and productive year in Disaster Preparedness in Castries South East.

*Lenus Deterville  
Chairperson*

**DENNERY SOUTH DISASTER PREPAREDNESS COMMITTEE  
ANNUAL REPORT  
April 1, 2003 to March 31, 2004**

The Dennery South Disaster Preparedness Committee has embarked on several activities and projects during the reporting

Castries South East Satellite Warehouse

period, both locally and nationally.

A Committee in its 22nd year of existence had strived to achieve most of its objectives and goals. During the year under review, the Committee on a monthly basis participated and conducted the following activities:

#### **ACTIVITIES CONDUCTED DURING THE REPORTING PERIOD:**

##### **April 2003**

- ~ Monthly meetings held
- ~ National Simulation Exercise – Flood
- ~ Members participated in “Incident Command System meeting (Jazz Festival 2003)”
- ~ Received ten (10) t-shirts from NEMO
- ~ Attended meetings on the Dennery Coastal Project with Officers from the Physical Planning Section of the Ministry of Physical Development, Environment and Housing and the OECS Emergency Recovery Management Project – Project Coordinating Unit
- ~ Participated in Shelter Management (Representatives from Police and S.D.A. Church) and Consultation on Comprehensive Disaster Management
- ~ Fund Raising Dance

**District Rep. and District Chair**

##### **May 2003**

- ~ Meeting with NEMO in Castries (Satellite Warehouse)
- ~ Meeting with Physical Planning Officer – Mr. Jason Louis (Satellite warehouse)
- ~ Monthly meetings held
- ~ Committee met with District Representative
- ~ Public meeting on the Dennery Waterfront Mitigation Project with Officers from Physical Planning Department, Project Coordinating Unit, NEMO and residents
- ~ Tour of Dennery and La Caye
- ~ Members participated in Project Proposal Writing Workshop organized by NEMO in conjunction with the Poverty Reduction Fund (PRF)

##### **June 2003**

- ~ 21st anniversary ceremony/opening of hurricane season
- ~ Monthly meeting held
- ~ Members participated in Telecommunications and SUMA workshop

##### **July 2003**

- ~ Monthly meeting held
- ~ Monitored tropical wave movements/events

##### **August 2003**

- ~ Monthly meeting held

##### **September 2003**

- ~ Monthly meeting held
- ~ Members participated in NEMO meeting to review “District Disaster Plan”, National Consultation on “Hazard Mitigation Policy” and “Health Situation Analysis Room” Workshops
- ~ Observed World Aids Day
- ~ Members participated in “Attack on Plastics National Clean up Campaign”

##### **October 2003**

- ~ Monthly meeting held

##### **November 2003**

- ~ Monthly meetings held
- ~ Members participated in National Clean up Day Activities (organized by Saint Lucia Solid Waste Management Authority)
- ~ Fund Raising Dance

##### **December 2003**

- ~ Monthly meeting held
- ~ Christmas Party

##### **January 2004**

- ~ Monthly meeting held

**Committee Members**

- ~ Meeting with personnel from the World Bank, Physical Planning Department and Ministry of Works on the Dennery Coastal Project

#### **February 2004**

- ~ Monthly meeting held
- ~ Members participated in "Hazard Mitigation Planning Workshop"

#### **ACHIEVEMENTS FOR THE PERIOD:**

- ~ Monthly meetings held
- ~ Meeting with District Representative and NEMO
- ~ 21st Anniversary Celebrations
- ~ Constituency tour
- ~ Sign Posting on Designated Shelters by Ministry of Works
- ~ Fund Raising Activities

#### **PLANS FOR APRIL 2004 – MARCH 2005:**

- ~ Monthly meetings
- ~ Revising Committee Disaster Plan
- ~ School Debate Competition
- ~ Anniversary Celebrations
- ~ Constituency Tour
- ~ Fund Raising Activities
- ~ Formation of Sub-committees for La Caye/Limiere

#### **IVAN GASPARD**

*Chairman*

*Dennery South Disaster Committee*

### **DENNERY NORTH DISASTER PREPAREDNESS COMMITTEE ANNUAL REPORT April 1, 2003 to March 31, 2004**

#### **ACTIVITIES CONDUCTED DURING THE REPORTING PERIOD:**

##### **April 2003**

- ~ Members visited business places in the community to get acquainted with their operations and to enquire whether they possess a Response Plan
- ~ Training workshop with Community Development Officer

##### **May 2003**

- ~ Members participated in the Supply Management and Project Proposal Writing Workshops
- ~ Simulation exercise conducted at the Grand Riviere Senior Primary School to test members ability to use communications systems

##### **June 2003**

- ~ Identified the hazard prone areas in the community
- ~ Visited schools in the community to make presentation on disaster preparedness, prevention and response

##### **July 2003**

- ~ Monthly meetings held
- ~ Training workshop for members of the Executive with the Community Development Officer

##### **August 2003**

- ~ Training workshop for members of the Executive with the Community Development Officer continued

##### **September 2003**

- ~ Members participated in Telecommunications training workshop

- ~ Members participated in "Attack on Plastics National Clean up Campaign"

**October 2003**

- ~ Fund Raising Activity

**December 2003**

- ~ End of year social activity

Dry Season in Dennery

**PLANS FOR APRIL 2004 – MARCH 2005:**

- ~ Visits to all schools to make presentation on disaster preparedness, prevention and response
- ~ Meetings with Clubs, mothers' and fathers' groups and all other organizations in the community
- ~ Public education campaign

**URBAN GLACE**

*Chairman*

*Dennery North Disaster Committee*

**BABONNEAU DISASTER PREPAREDNESS COMMITTEE**

**ANNUAL REPORT**

**April 1, 2003 to March 31, 2004**

Prior to April 2003, the Committee was not organized and sub-committees were not in place. At the beginning of the year the committee focused on organizing the various sub-committees. All subcommittees were formed with the exception of Shelter Management. Letters were sent out to all churches and schools within Babonneau inviting the participation of one (1) or two (2) representatives to a meeting in an effort to form the Shelter Management Sub-committee. Only one (1) school and two (2) churches were represented at the meeting. The Committee has always experienced difficulty in having the Principal or designate present at meetings.

During the period under review, the Committee held regular meetings. These meetings focused on explaining the roles and responsibilities of the sub-committees as well as identifying the available resources within the communities. The Education sub-committee was also formed with the mandate to put together strategies for an anti litter campaign. The Education sub-committee met with personnel from the Saint Lucia Solid Waste Management Authority and the OECS Natural Resource Management Unit. These two agencies pledged their support to the initiative. At their next meeting, the sub-committee will be meeting all school principals to solicit their input to the action plan and its implementation.

The Committee received radios from NEMO and a training session was held on the Use and Maintenance of the equipment. An exercise to test the radios in the various communities was also carried out. The exercise was to determine the reception quality from base to the various communities.

**PLANS FOR APRIL 2004 – MARCH 2005:**

- ~ Sensitization meetings in all sub-communities
- ~ Identify and document hazards in all sub-committees
- ~ Inspect all shelters and update shelter list
- ~ Form Shelter Management Sub-committees
- ~ Training for members in hazard mapping
- ~ Fund raising activity
- ~ Social activity

**MARY FRANCIS**

*Chair – Babonneau Disaster Committee*

**SOUFRIERE DISASTER PREPAREDNESS COMMITTEE**

**ANNUAL REPORT**

**April 1, 2003 to March 31, 2004**

**ACTIVITIES CONDUCTED DURING THE REPORTING PERIOD:**

1. Training:

Telecommunications - site for equipment was identified and radio relocated to Equipment – Radios assigned to members of Disaster Committee

2. Warehouse:  
Erected in Fond Bernier Soufriere, keys handed over. Equipment and supplies yet to be received.
3. Workshops:  
Two-day workshop held in collaboration with the St. Lucia Red Cross and CDERA on Disasters (VCR) Community was represented. First Aid Training for members (2) was done by Red Cross.
4. Community Profile:  
Assessment completed. List of resources – tools, etc – completed.
5. Community Education on Disaster Preparedness:
  - Soufriere
  - Etangs
  - Chateau Belliar
  - Fond St. Jacques
  - Schools
6. Hazard Mapping and Community Profile in collaboration with the Fire Dept.
7. Collated list of all the elderly in the Community
8. Training workshops:
  - a. Mass Casualty
  - b. Stress Management
  - c. Radio Communications
  - d. Proposal Writing

**PLANS FOR APRIL 2004 – MARCH 2005:**

1. Reactivate Fond St Jacques sub-committee and train representatives of Chateau Belliar, Etangs, and Bouton
2. Education in disaster and response training for Morne La Croix and Fon Jens Libres
3. Strengthening of Community Disaster Response Committee
4. Sourcing Equipment for warehouse
5. Follow-up with schools on Disaster Plan
6. Continuation of Community Education in Disaster Preparedness
7. Installation and relocation of base radio station. Dialogue with Taxi Association to assist in the event of a disaster, especially to offer assistance at the Senior Citizens Home
8. Disaster Preparedness lectures at schools. Reinforce the need for a Disaster Plan at the Schools. First Aid Training.
9. Meeting with Water Taxi Association. Meet with Lagan regarding condition of road.
10. Workshop on trees, to try to solve the tree problem in Soufriere.

**SIMONE MONDESIR**

*Chair – Soufriere Disaster Committee*

**CASTRIES EAST DISASTER PREPAREDNESS COMMITTEE  
ANNUAL REPORT  
April 1, 2003 to March 31, 2004**

**ACTIVITIES CONDUCTED DURING THE REPORTING PERIOD:**

During the period under review the Committee held monthly meetings.

1. Members of the committee participated in a recruitment drive inspecting all the high-risk areas in the different zones.
2. Four (4) members of the committee attended the PRF training workshop and two (2) attended the Hazard Mitigation Planning and Hazard Mapping and Vulnerability Assessment Prioritization Workshop which was held for three days from 3rd February to 5th February, 2004.
3. The Chairman gave lectures to members on fire safety and means of escape in case of fire and other emergencies. Pamphlets were issued to members on Fire Safety, Catastrophe, Hurricanes, Floods and Slides, Heat, etc.

### **Observation**

During the zonal tours a number of hazards were observed in Maynard Hill, Black Mallet and Bagatelle. There were a number of small slides in the areas mentioned during the period under review. There is an area at the lower part of Maynard Hill with a hump which is rising slowly. Also, there are some areas at the upper part of Maynard Hill where water is coming out of the ground, which we assume is a result of improper drainage from the top of the hill to the bottom. Also, there are a number of damaged sewage systems in the area, which present a great risk to life and property in the event of a serious hurricane or earthquake. As some of the areas are saturated with water, some residences are experiencing cracks and water on their premises.

### **Hydrant**

There is a sluice hydrant in the Maynard Hill and Black Mallet area, which is a dead end; it was damaged during the demolishing of buildings in the area. This presents a great risk to a number of buildings in the area if there was a fire. The matter was reported to the Fire and Water authorities for further action.

### **SHELTERS**

Shelters were inspected and found in order, with the exception of the necessary emergency equipment in the event of a disaster. Castries East is a high risk area prone to floods and slides, with some areas not easily accessible in the event of an emergency. Therefore, each Shelter in the area should be equipped with the necessary equipment such as a first aid kit, etc to deal with any Risk Hazard that is encountered.

### **SLIDES AND FLOODS**

There were two (2) landslides at Maynard Hill and one at Rock Hall. One caused damage to a Senior Citizen Building and the other one blocked the road at the lower part of Maynard Hill. Mr. Haynes Cyril of the Castries East Disaster Committee, accompanied by other members of the committee, assisted in clearing the road, and reported the slide, which damaged the senior citizens building to the appropriate authorities for further action. The Slide has been dealt with and repairs to the Senior Citizens building are ongoing and will be completed soon. The slide near Rock Hall is still under investigation by authorities.

### **FIRE**

There were 3 fires in the Castries East Constituency for the period in review. One was in the Bagatelle area, involving a house belonging to one Gray, but there was no loss of life. The house could not be saved because of the distance from the main road and the difficulty that prevented immediate help from the fire department. The fires at Black Mallet and Rock Hall completely destroyed these buildings, but with no casualties.

### **COMPLAINTS**

1. The senior citizens of Maynard Hill and Black Mallet are complaining about the removal of the Marchand Health Centre to Entrepot. A number of them reported that they are not able to climb the Entrepot Hill due to the walking distance, especially for those who cannot walk properly, and to get their medication. They would like the Centre returned to its original location.

I informed some of the senior citizens that the entire building is to be repaired, and the authorities should have a reason for moving the Health Centre to Entrepot. The place may be a health hazard. I informed them that I will try and get some information from the authorities or District Representative and let them know. I encouraged some of them in the Club 60 and others to have patience, and that things will be done, even for those who cannot walk to the Health Centre for their medication.

### **PLANS FOR THE YEAR 2004**

1. The recruitment drive to be continued

2. The fundraising activity to be continued, disaster management training and further training in first aid, and fire protection and use of fire extinguishers.

### **Observation**

3. There is a need for proper drainage in the Maynard Hill/Black Mallet areas to prevent floods and slides and for the protection of life and property in the area.
4. It is observed that a section of the surface of the main road (above the upper standpipe) at Bagatelle is in need of a proper resurfacing in order to prevent major accidents.

### **Emergency Equipment**

5. There is a need for the following emergency equipment for the Castries East Disaster Committee for the year 2004, to be equipped for all disasters:
  - Chainsaws
  - Cutlasses
  - Ropes
  - Spades
  - Barrows
  - Lanterns and torch lights
  - Medicine kits
  - Blankets
  - Stretchers
  - Lumber jack boots (thigh high)
  - Rain coats

### **HAYNES CYRIL**

*Chairman*

*Castries East Disaster Committee*

## **MICOUD NORTH DISASTER PREPAREDNESS COMMITTEE ANNUAL REPORT April 1, 2003 to March 31, 2004**

The Micoud North Emergency Management Committee comprises of fifty-seven registered persons from the communities of Praslin, Mamiku, Mon Repos, Patience, La Pointe, Malgratoute and the village of Micoud, including the Community Development Officer, a representative of the Police and the Health Centre staff respectively.

For the period of April 2003 to March 2004 two meetings of these persons were held: one (1) prior to the hurricane season in May and in November 2003. While most persons were present at the May meeting, less than half attended the November meeting. Other meetings were held specifically for persons in the following groups/categories: (a) the Executive, (b) two (2) representatives of each community committee and (c) the Secretaries of each Sub-Committee, viz: transportation, telecommunication and information, supplies management, health and welfare, damage assessment and immediate works. Five (5) of such meetings were held during the period in question.

During the month of September a number of outreach public meetings were held, one (1) in each of the communities. Topics covered were: Awareness for Disaster Preparedness, Attack on Plastics, Safety of Property. The police were to talk on the subject: "Law and Order in the Event of a Disaster" but never showed up at any of the meetings. Attendance at these meetings could have been better. All meetings were given due publicity through the electric media and using public address system. It would do well if politicians would play a greater role in ensuring that their constituency takes an active interest in matters of disaster preparedness. The list of contracted suppliers was reviewed and proprietors were contacted to renew their commitments in the event of a disaster. The Micoud North Committee was very much concerned about the way shelters are identified and recommended for emergency. In spite of previous pleas from the Chairperson that officers going around to identify and check on buildings, should contact the Committee as to the day and time but this suggestion has been ignored. It is hoped that this year officers responsible will take this into consideration. Some shelters air marked as Emergency Shelters are either non-existence or are unsuitable.

### **Training**

Ten (10) persons from the Committee received training in Basic Life Support Skills – the ABC of First Aid (CPR) and twenty-four (24) persons in Mass Casualty Management conducted by Mr. Pius Benjamin, Emergency Management Technician and Mr.

Marinus Pascal, then Deputy Director of NEMO respectively.

Participants are complaining over not receiving their certificates to date. Eight (8) persons were also trained in the use and care of hand held radios. Trainees were mainly from the Telecommunications & Information Sub-Committee. Certificates have already been awarded to those persons. There is need for the training of more persons in the various communities in the use and care of the radios. It is unfortunate that the radio based in Micoud is faulty. This has been reported to NEMO by both the committee Chairperson and the Chairperson of the Telecommunications & Information Sub-Committee on more than one occasion. For this reason, Micoud North has not been able to participate in the exercises which require the use of the radio.

Five (5) hand radios were received from NEMO and were distributed among trained persons from five (5) of the communities. The committee requests at least three (3) more of these radios for the purpose of prompt communication. It is unfortunate that these radios can reach only a limited distance for proper communication.

I am once more appealing for some help to ensure that the police co-operate by attending and participating in our meetings and activities. It is not enough to say that they will be there in the event of a disaster.

Continuous planning, preparation and proper organization is of paramount importance.

### **Obituary**

We regret to announce the passing away of the Chairperson of the Transportation Sub-Committee: Mr. Anthony Emmanuel on December 28, 2003. He was a dedicated and devoted member of both his community Malgratoute and the Micoud North Constituency at large. May he rest in peace!

### **Concerns**

There are three(3) main concerns which need to be highlighted: (1) The absence of a stand-by generator at the Micoud Police Station for over two years; (2) We are yet to understand why the satellite warehouse in Micoud North has been kept closed for such a long time after it was built; (3) There is the practice of the washing of vehicles in the Troumassee River which the committee feels is a hazard to human and marine life.

### **Recommendations**

The Committee has more than once requested a meeting or meetings of Chairpersons of Local Sub-Committees with Chairpersons of the National Sub-Committees. This is important as it will open an avenue for those concerned to share experiences, common concerns and or problems with a view to improve on administration of Local Committees. We need to re-negotiate for a proper place for our meetings and EOC.

We previously made a recommendation but there has been no response.

### **Fund Raising**

In March 2003 the committee organized a Sponsored Walk in an effort to obtain funds for the purchase a small First Aid Kit for each of the communities. Sponsorship was very poor, but we shall continue to make the effort to achieve our purpose.

One of our main disappointments is the lack of proper record/record keeping. Persons who volunteered to do the secretarial work have become complacent and unreliable. Every effort will be made to improve this situation.

We look forward for routine and frequent visits from NEMO representative since a new Deputy is now in place, to help restructure for more efficient functioning of committees.

## ***PLANS FOR THE YEAR 2004***

### **MARCH:**

- Meeting of Executive and Community Representatives
- Appointment/Election of Secretary & Deputy
- Distribution of Packages to schools
- Operation of Warehouse.

### **APRIL:**

- Identifying buildings for recommendation as Emergency Shelters
- Signing of Suppliers Contract

- Outreach public meetings in various communities
- TRAINING: (a) Community Disaster Management for all community representatives and their Secretaries (b) Shelters Management
- Meetings of all Sub-Committees especially Transportation to identify Chairperson

**MAY:**

- Establishment of schools' Disaster Preparedness Corner
- TRAINING WORKSHOP:(a) Hazard Mapping (b) Community Disaster Profile (c) Use of hand radio
- Outreach public meetings in various communities (cont'd).
- Demarkation & Zoning – For communities of Patience, La Pointe, Lombard, Mon Repos, Mamiku & Praslin (Assign jurisdiction)
- Educational Tour/Talk: Work of Meteorological Office; To Dennery and Vieux-Fort South Committees
- Fund Raising Activity
- Inspection of Emergency Shelters to ascertain suitability
- Meeting of all Auxillary and Active Members re: Plans for the 2004 with special emphasis on this year's hurricane season.

**GREGOR BISCETTE**

*Chair – Micoud North Disaster Committee*

**MICOUD SOUTH DISASTER PREPAREDNESS COMMITTEE  
ANNUAL REPORT  
April 1, 2003 to March 31, 2004**

The Micoud South Disaster Preparedness Committee promptly submits the annual report of the Committee's activities, functions, achievements, proposals, and recommendations.

**Report in Brief:**

Meeetings	16
Meeting Postponement	5
Hurricanes	0
Storms	3
Attendance at Meetings	Good
Attendance at Workshops	Good
Emergency Meetings	3
Mitigation – cutting trees	3 days
Projects	1
Church Lectures	5
List of Hurricanes for 2004	—
Visits	2
Fires	1
Tragic Accidents	1

The Committee followed up on its visits to the Vigier and Anger Ger School. Vigier School has the usual complaints, with better progress at the school. The Anger School made significant progress, having keys made available to watchmen (security) in the event that it is needed during an emergency. One (1) generator was installed in 2003, and the security guards were trained in the care and use of the equipment.

**Contractors and Suppliers:**

JC's Confectionary  
Alexis Samuel  
Mr. and Mrs. Rene Francis  
Rosalie Marius (Ti Rocher)

**Shelters:**

Most of our shelters are still intact needed to be repaired and upgraded with water tanks. To identify shelters, emergency shelter signs were placed on all shelters.

**Pending Courses:**

The Committee is still awaiting word from Mr. Pierre of the Red Cross with regards to the "community based disaster preparedness course," which started in 2001 and was held over a 3-day period, and is still on hold.

Workshops Committee Attended:

1. Stress management in disaster – level 2
2. Supply management
3. Use of telecommunications equipment
4. Hazard Mitigation planning
5. Post-Disaster planning
6. Post-Disaster rapid environmental assessment, etc

We have had a lot of trouble with the availability of Crown Lands in Blanchard from the Ministry of Physical Planning. Land is needed so that we can utilize space for our storeroom structure.

Three (3) emergency meetings were held in Blanchard at the school during the hurricane season. As a result of these three storms, numerous trees fell in Micoud South; two houses fell in the process. Drains and culverts were blocked due to heavy rain and debris. There were no major damages. We are pleased to report that LUCELEC contracted an individual to trim all trees and branches overhanging power lines Church lectures and meetings:

The Committee held a meeting at the Ti Rocher multipurpose centre, lectured at the Desreuisseaux Evangelical Church, La Cu Ville Evangelical Church, Ti Rocher Adventist Church and Ti Rocher Baptist Church.

Following our Mass Casualty, First Aid and CPR training from November 16-19 2002 in Blanchard, no certificates or identification has been received.

Projects:

All projects with Communications and Works — speed bumps, road signs, pedestrian crossings, etc, are still on hold. The Committee have supported the fire victim.

To date the Committee has been very instrumental in the erection of a house for Ms. Alphonse, and it will soon be complete and formally presented. Mr. Peter Joseph from MCWT&PU has been assigned to the Committee and has attended meetings.

Account:

The Committee's accounting process has gone through but there is need to make some more changes. The account stands at \$194.64.

Radios

On 11th August 2003 members of the Executive received hand radios. The codes on the radios are MS-1 to MS-5. We are looking forward to more radio sets and base sets. We have problems presently with the repeater station in the south. Cable and Wireless has not played their role since the last report.

*VICTOR JN BAPTISTE*

*Chairman*

*Micoud South Disaster Preparedness Committee*

**CHOISEUL DISASTER PREPAREDNESS COMMITTEE  
ANNUAL REPORT  
April 1, 2003 to March 31, 2004**

Realising that the Choiseul Disaster Committee was dormant, the Choiseul Village Council summoned a few committed persons to a meeting at the Choiseul Police Station on May 16, 2003. An Executive was elected:

- Chairperson: Ms. Clara Edwards
- Deputy Chair: Mr. Peter Philip
- Secretary: Mrs. Williana St. Rose
- Treasurer: Miss Anthea Lafeuillee
- Asst. Treasurer: Mr. John Mathurin
- PRO: Mr. Verlin Noel

Eight sub-committees were formed:

- Transportation
- Communication
- Evaluation and Information
- Distribution and Supplies
- Health and Welfare
- Immediate Works
- Fundraising
- Shelter Management

#### **Year in Review April 2003-Feb 2004**

A workshop was conducted to train and acquaint all subcommittee members of their roles and responsibilities.

May 15, 2003: Training workshop was held for all Shelter Managers. The main objective was to provide all persons who have the responsibility for operational management of emergency shelters with the necessary knowledge and skills to perform the required duties. A very successful workshop, conducted by Williana St. Rose.

May 24, 2003: A very interesting, exciting and informative Simulation Exercise was planned by the committee and executed by Ms. Dawn French. The activity was done in two phases:

1. The real-time notification which tested the length of time it took for the team to assemble at the headquarters (Choiseul Police Station). Members were not aware of the exact date, but they were aware of the week.
2. The second phase was the form of a table-top exercise. The team remained in a room and pretended that the community required help. The team was required to find realistic solutions to a 7.0 magnitude earthquake south of St. Lucia. The team responded to search and rescue, shelter management, debris clearance, gas explosions, health issues, the press and providing a report.

? 7th: A Workshop on Tracking and Mapping a Storm. This workshop provided persons with the technical knowledge and skills to follow the path of a storm when given the location. The facilitator was trained in Germany (Marine Training) – Mr. Jn. Baptiste.

?, 2003: Regular meetings were held on a monthly basis, and emergency meetings were called whenever the need arose. Community meetings were held in about 35 communities in Choiseul. The communities were zoned in order to facilitate the committee. These meetings were held every evening at 6:30 pm by three teams. The main objective was to sensitise and open people's eyes to the possibilities for disaster, as well as how to prepare and get help, and gave out shelter information. Each community formed a disaster sub-committee.

Transportation for both land and sea was put in place. Caterers were identified in the event of an emergency response, as well as contractors for fuel and food supply. Members of the team attended many workshops attended by NEMO at the National level.

#### **Follow-up activities:**

1. Hazard Mitigation Consultation

Objectives:

- To develop a comprehensive Hazard Mitigation Plan for the district of Choiseul
  - To facilitate the input of all relevant agencies and organisations at the levels of the hazard mitigation plan and escalation
  - To formalize the establishment of sub-committees to work along with the central committee
2. Continuation of community meetings
  3. Formal launching of the Choiseul Disaster Committee and the Red Cross group
  4. Desktop exercise
  5. One fundraising event
  6. Hazard Mitigation exercises throughout the District of Choiseul.

#### **CLARA EDWARDS**

*Chair – Choiseul Disaster Preparedness Committee*

### **EMERGENCY WORKS SUB-COMMITTEE ANNUAL REPORT April 1, 2003 to March 31, 2004**

### **Activities conducted during the reporting period:**

1. Damage assessment report submitted to NEMO following TW on 7th July. Estimated cost for storm damage \$52,000.
2. Meeting convened on July 23rd for MCWT&PU Technical Services Division to update Disaster Plan and review responses to Tropical Wave/Depression of 7th report/20th July respectively.
3. Inspection of 325 emergency shelters undertaken during April/June. Installation of signs ongoing. Project completed mid August 2003.
4. MCWT&PU representation on all District Disaster committees provided.
5. Liaise with Transportation Committee updating public/private equipment lists.
6. NEMO/NEMAC meeting – 15 August 2003
7. National Consultation on mitigation policy – 11th September 2003
8. National Consultation on Revised Disaster Response Set No. 13 of 2000 – July 15th 2003

### **Mitigation Works**

1. Annual desilting of rivers and watercourses substantially completed (44No) in June/July 2003 (\$800,000)
2. Flood pump in SLASPA pump house installed May 2003 for \$150,000 (SJC Consultants/WEPCO) commissioning and testing in progress
3. OECS Emergency Recovery and Disaster Management Project (see status report)
4. Anse La Raye and Castries Drainage Improvement (Halcrow Consultants)
5. Caretakers resumed July 2003 island wide
6. Model hazard mitigation policy adaptation workshop – May 27 to 29 2003

### **Plans**

1. MWRP to be further reviewed/updated and submitted to NEMO to include plans for all departments including Met Services, Transport Division, and Electrical Service in addition to Technical Services.
2. Meeting of Emergency works Committee to review Roles/Responsibilities/Plans. To take place when MOW Plans are completed
3. Meeting to be convened with MCWT&PU staff to identify resource and training requirements.
4. Training workshop in Disaster Preparedness and Mitigation and First aid to be organized with NEMO and Red Cross
5. Co-ordination with Damaged Assessment Committee with respect to damage Assessment Teams, evaluation reporting

### **Issues/Constraints**

1. Communications: radio/mobiles. Mobiles not required from C&W
2. Damages assessment reporting internally and externally

### **Deputy Chief Engineer/Liaison Officer Chairman Emergency Works Sub-Committee**

## **EMERGENCY SHELTER SUB-COMMITTEE ANNUAL REPORT April 1, 2003 to March 31, 2004**

During the period under review The Ministry of Education HRD Y&S continued to work assiduously in its effort to place and maintain all schools/emergency shelters in a state of preparedness in the event of a disaster of any kind. The activities undertaken were mainly in the areas of retrofitting of shelters training of officers and procurement of equipment, as outlined below.

### **1. Retrofitting of schools/Emergency shelters**

The schools which benefited from this initiative and the civil works undertaken are as follows:

- Micoud Secondary School:
  - Replacement of the roof cladding of the science block
  - Replacement of the toilet block
  - Construction of a canopy between that block and the main building
  - Replacement of all damaged doors and windows
- Ti Rocher Primary School:

- Replacement of the roof of the western block.
- Bexon Primary School:
  - Replacement of the entire roof (i.e. both rafters and cladding) of two buildings.
- Ava Maria Infant:
  - Replacement of roof cladding and ceiling of two buildings and rewiring of these buildings to ensure that they conform to acceptable standards.
- George Charles Secondary
  - Extensive repairs to both the electrical and the plumbing systems.
- Mongouge Combined:
  - Retrofitting of the ceiling and gutters of two buildings
- Odsan Combined:
  - Construction of retaining walls and
  - Improvement of drainage by the construction of concrete gutters.
- Clendon Mason Secondary:
  - Construction of concrete gutters to improve drainage.
  - Replacement of all damaged windows and
  - Construction of a water tank.
- Vieux Fort Comprehensive Campus B:
  - Construction of septic tanks and
  - Replacement of all damaged doors and windows.

In addition, Vieux Fort Senior Primary, Laborie Boys' Primary and Des Barras Combined schools have been earmarked for retrofitting under Phase 2 of the Emergency Recovery and Disaster Management Project.

## 2. Training

The Liaison officer participated in:

- A two (2) day Supply Management( SUMA) Workshop.
- A three (3) day Preparation of Policy Documents Workshop and
- A two (2) day First Aid, CPR Workshop.

The Ministry of Education plans to train all shelter managers and their deputies in First Aid, CPR and SUMA. This Ministry also plans to train two officers in Disaster Management and Control.

## 3. EMERGENCY EQUIPMENT

The Ministry proposes to procure the following equipment deemed necessary for emergency recovery.

- ~ One (electric) Water pump
- ~ 2 (petrol) water pump – 5hp
- ~ 210 air beds
- ~ 210 blankets
- ~ 210 hygiene kits
- ~ 105 first aid kits
- ~ 100 water bladders for drinking water (3 gallons)
- ~ 200 Water Tanks (store drinking water)
- ~ 200 Flash Lights
- ~ 1 mobile kitchen
- ~ 10 Electric generators
- ~ 3 Water purifying plant

This proposal has been approved by the World Bank and will be funded under Phase 2 of the OECS Emergency Recovery and Disaster Management Project.

# PRESS RELEASES

# Energy Prices at All-Time High

OECS member-states are keeping their eyes on world market prices for oil and have warned that should prices continue to escalate, they will have no choice but to review energy prices across the sub-region.

The energy issue was one of the urgent topics discussed the OECS' 39th Summit in St. Vincent and the Grenadines.

According to the Communique issued by the OECS Secretariat following the summit, the Heads of Government, gathered in Kingstown from May 20 to 21, "expressed their deep concern over rising oil prices and signalled that they may have to consider a review of energy prices at this time."

The OECS leaders "recognized that any increase in energy prices would pose serious threats to the economic recovery of the sub-region and that this in turn would impact negatively on their capacity to compete effectively in the international marketplace."

The Heads of Government "agreed to the establishment of an OECS Task Force on Energy Policy to advise on, among other things, effective energy conservation management, alternative energy sources and reform of the sector."

St. Lucia's Prime Minister Dr Kenny D. Anthony says the volatility of the international market prices for oil could force St. Lucia and other Eastern Caribbean states to review their energy prices at this time.

The Prime Minister's comment comes at a time when, at both the international and Caribbean levels, governments and economies are feeling the hard bite of the harsh reality of the increases in world market prices.

Price increases recently hit a 30-year high in the USA, resulting in some states having to resort to steep increases at the pump. The same stands for Cuba, where prices have increased by some 20% in recent times.

Several Caricom economies are already reeling under pressure from the sharp increases in the price of oil on the world market in recent weeks.

The Government of Barbados last week announced it will have no choice but to raise energy prices. The island's Minister of Energy, Anthony Wood said the local prices for gas and other petroleum products will have to be increased and there would consequently be a "price adjustment" for these products on the local market.

Mr Wood said the government would not be able to absorb the increased prices due to the magnitude of the cost.

Dominica has already been forced to increase the price of gas to the pump. In April, that country's government announced its third hike in petroleum prices in six years and the second in four months.

Jamaica has also announced it will be forced to follow suit, given the potential implications for that country's economy.

Guyana recently announced what the government described as "a temporary relief" on gas prices, but said it too would have to allow "the strength of market forces" to dictate the pace of prices for gas and other petroleum products on the local market. The member-states of the Organisation of Eastern Caribbean States (OECS) are all vulnerable to the spiralling oil prices, with several states fearing they may have to go Dominica's way sooner than expected.

In St. Lucia, where the price of gas at the pump still stands at \$7.75 per gallon, the government has shielded consumers from increases in gas prices through a policy of subsidizing the increases and guaranteeing petroleum dealers certain minimum returns on their business.

The government's subsidy over the years has cost over \$5 million. However, the latest sharp increases, which have seen prices sky-rocketing at an unbridled pace, have resulted in pressure on those Caribbean countries that have been subsidizing oil prices over the years when prices were more stable.

In the case of St. Lucia, the recent increases have already resulted in a so-called "Negative Tax," resulting in the inability of the island's revenue authorities to collect any taxes on petroleum products imported. As a consequence, Government has had to meet the cost of guaranteeing dealers their minimum profits in the face of what would have been certain losses due to the increased prices.

Dr Anthony, who is also the island's Minister of Finance, recently announced that "if this situation continues, it can seriously compromise the economic recovery currently under way."

He said the government would "continue to advocate fuel efficiency and the search for sustainable alternatives, while keeping its eyes on the world market price."

# Local Tourism Tour Operators Get International

**T**WO local tourism tour operators, Cox and Company Ltd and the Soufriere Estate have been honoured by the cruise liner Dawn Princess for their services during its season here in St. Lucia. The award ceremony was held on board Dawn's sister vessel Golden Princess which has begun making calls to St. Lucia, replacing the Dawn Princess.

Cox and company Ltd. a second time Dawn Princess honouree received the Low Volume tour season or Caribbean Pirates Extravaganza Award, whilst the High volume tour of the season awards went to the Soufriere Estate's Diamond Botanical Gardens Water Fall and Mineral Baths.

The low volume tour has been one of the best successes for Cox and Company, which hopes will augur well for the upcoming cruise season. Accepting the award Managing Director of Cox and Company Ltd., Matthew Beaubrun said this comes as a result of the hard work from dedicated staff members.

"I would like to thank princess cruises for having confidence in us. It just means that if we work at improving our products, we can win more and more awards for St. Lucia. I want to congratulate everybody involved in developing and making sure that the product remains at a high standard," Mr. Beaubrun said.

A Spokesperson for the Golden Princess noted that because the vessel had not been to the ports of call before, it was nice knowing that they were actually dealing with tour operators who are winning these awards. "It gives us the confidence and assurance that we are dealing with the right company, especially one that deals with so many of our tours from one port," she said.

The Golden Princess, which measures 951 feet in length was built in Italy at a cost of US\$450 million dollars and has a passenger capacity of 2,600. The 17-deck vessel has a speed of 22 knots and will be making weekly calls to St. Lucia.

# St. Lucia Hosts Internet Fiesta Week

**T**HE use of the internet and computer operating systems in facilitating communication and information flow, has been highlighted as one of the major correlations between all aspects of present day living. In light of that, organizers of Internet Fiesta, a regional initiative which was launched at the Castries City Hall on Monday, May 24th, say the theme "internet for all" encapsulates the need for everyone to become familiar with this key tool of information technology.

Speaking on behalf of the Prime Minister, National Co-ordinator of Internet Fiesta Dr. Cletus Bertin says the internet must be acknowledged as a productive tool for the economic and social development of emerging nations.

"Networking is highly correlated with economic activity. This is statistically observable, as well as being intuitively understandable as the flow of information has always being integral to activities of production, trade , investment and to the operations of markets," commented Dr. Bertin.

Head of the OECS Education Reform Unit Ms. Candia Alleyne says by and large, the internet is under utilized in the region. She believes the region's participation in internet fiesta will encourage persons to explore the internet.

The OECS countries which were involved in the internet fiesta are, St. Vincent, St. Lucia, St.Kitts, and Antigua. Corporate entities involved in information technology set up week-long exhibitions at several location island wide, offering students and the public the opportunity to participate in programming and witness demonstrations.
