PRESS RELEASES

Closer relations in Environmental Management Coming

Another significant feature of this meeting will be the signing of a Memorandum of Understanding between the Ministers for the Environment of the OECS and the Province of Nova Scotia in Canada.

According to Christopher Corbin, Sustainable Environment Officer, Ministry of Physical Development, Environment and Housing, this MOU seeks to strengthen ties in the area of environmental management, promote business exchanges, and foster closer ties with Nova Scotia, Canada, which is one of St. Lucia's traditional sources of technical support.

"Really what we are hoping to get out of this meeting, especially at the Ministerial level is some clear policy direction as to where the sub-region is going to focus limited resources in the area of environmental management, and to be able to strategically position ourselves so that we can more effectively benefit from the liberalization that is taking place in the economic arena," said Mr. Corbin. The St. Lucia meeting will be used as a platform for the upcoming Mauritius Conference scheduled for January 2005, and a later meeting of the Ministers of the Environment for Latin America and the Caribbean.
