Ministry of Agriculture, Forestry & Fisheries

Integrated Watershed & Coastal Area Management in the Caribbean (IWCAM)

Post of Project Manager

THE Ministry of Agriculture, Forestry & Fisheries is seeking suitably qualified applications for the post of Project Manager to oversee the implementation of an integrated watershed management demonstration project within the Fond D'or drainage basin. This project is part of a multi-country initiative titled Integrating Watershed & Coastal Area Management in the Caribbean (IWCAM).

The Saint Lucia component of this regional project is titled Protecting Watershed Services and Developing Management Incentives in the Fond D'Dor Watershed area of St. Lucia. The primary objective of the local Demonstration would be the development of a strategic approach to participatory watershed management, which would integrate principles relating to sustainable natural resource and environmental management policies, legislation, and strategies. Some of these are articulated within the recently developed national water policy, the Agricultural policy and strategic plan, the coastal zone management policy, and the national land policy which is in the final stages of development. Additionally, the project will seek to demonstrate the use of incentives and transferred benefits within a watershed management structure to encourage better conservation and more long-term sustainable use of water and other natural resources.

Duties and Responsibilities:

The Project Manager will head a Project Management Unit (PMU)

which will be set up within the Water Resources Management Agency (WRMA). The WRMA will serve as focal point for the implementation of IWCAM activities. The PMU will be guided and instructed by a National Steering Committee. He/she will report directly to the Coordinator of that Agency and ultimately to the Permanent Secretary of the Ministry of Agriculture, Forestry & Fisheries. The Project Manager will be responsible for the day-to-day management and implementation of the project work plan relative to the allocated budget and timetable, in respect to the following:

- Day-to-day technical and managerial inputs into project planning and implementation processes of the project;

- Facilitate liaison and networking between and among the relevant organizations, key stakeholders, and other individuals involved in project implementation;

- Prepare and implement watershed management plans: coordinate participation by both state agencies, private sector interest, and the public, conduct watershed inventories, identify problems, and advance recommendations to address those problems;

- Facilitate the work of the Project Steering Committee and any other subcommittees;

- Coordinate and facilitate the work of technical teams established to address various aspects of the project;

- Coordinate and facilitate the work of contractors and consultants;

- Organise reporting activities to the Executing and Implementing Agencies, and the Project Steering Committee, ensuring adherence to their administrative, and technical reporting requirements;

- Liaise, consult, and network with national and regional stakeholders;

- Work in close collaboration with the WRMA to ensure effective coordination and linkages with the Agency's mandate and work programme;

- Actively promote public awareness and participatory activities necessary

for successful IWCAM project implementation in all relevant media and fora.

Qualifications and Experience:

Candidates must possess at least a Bachelors degree in natural resources management, environmental science, agriculture, coastal zone management, watershed management, or other related field.

Work Experience: At least 3 years experience' working with some aspect of natural resource management issues and demonstrated understanding of sustainable development, including institutional arrangements for governance. Strong assets include field experience with rural communities, some knowledge of the Caribbean context, and experience in implementing UN or GEF funded projects.

Other Skills: Proven leadership skills and ability to facilitate work of multidisciplinary teams. Effective communication including oral (English and Creole) and written presentation skills. Experience in budget administration, project management, and human resources management is required. Good professional knowledge of computer software applications is necessary.

Applications:

Applications, together with a detailed resume and 3 references, with pertinent contact information (including email address) should be addressed as follows:
