Information & Broadcasting
Hydrologist Consultancy
Consultancies

THE Government of Saint Lucia has received a credit of EC\$ 652,000 from the Australian Government to

finance the cost of the "Establishment of a hydrological monitoring system to enhance water management and early warning against floods and droughts", which is one component under the "Early Warning System and Hydrological Monitoring for Water Management and Disaster Risk Reduction Project". The objectives of the project component are to establish a network of hydrological monitoring equipment to improve the national capacity for fulfilling Saint Lucia's obligations to disseminate hydro-meteorological information, to contribute to data requirements for climate change forecasts and warnings, and to expand the local flood warning system to include water level monitoring in flood prone communities.

Applications are invited for suitably qualified persons to provide full time consulting services to the "Establishment of a hydrological monitoring system to enhance water management and early warning against floods and droughts" component of the "Early Warning System and Hydrological Monitoring for Water Management and Disaster Risk Reduction Project" as a Hydrologist or Water Specialist.

Hydrologist/Water Specialist

Objectives:

To provide technical assistance in the establishment of a hydrological monitoring system in order to enhance water management and early warning against floods and droughts.

Qualifications and Experience:

Post Graduate Degree in Water Resources Engineering or Bachelor's Degree in Civil Engineering, Post Graduate Degree in Hydrology or related field.

Extensive (at least (10) ten years) experience in surface water resources studies or research.

Responsibilities:

The consultant is required to carry out the following activities:

Conduct community and professional stakeholder consultations.

Submit a report of consultations and a completed needs assessment.

Prepare a tender dossier to procure required equipment, hardware and software.

Oversee and manage the engineering of control structures and the installation and use of relevant equipment, hardware, software.

Develop a hydrologic model for St. Lucia that gives a representation of the water balance and can be used for hydrologic predictions.

Train relevant personnel in the operation and maintenance of equipment, hardware and software.

Conduct training for the effective functioning of a Flood Warning System.

Prepare a final report of recommendations for long-term requirements for hydrological monitoring.

Further information on the Specific Responsibilities is contained in the Terms of Reference which can be obtained from the Water Resource Management Agency. The contact number is: 757-450-2482/3540.

Proposals/Bids should be submitted to:

The Secretary
Central Tenders Board
Ministry of Finance
2nd Floor Financial Centre
Bridge Street
Castries, Saint Lucia

Please Telephone No. 758-450-2482 for more details for Terms and Reference.

Proposals/Bids must be submitted in sealed envelopes and there should

be indication on the exterior of the envelope of the specific consultancy being tendered for. Bids should reach no later than July, 19, 2012 at 12:00 noon.

Unsuitable candidates will not be considered.

Applicants will be short listed and invited to attend interviews.

Appointment of the Trade Licence Advisory Board

TAKE NOTICE that pursuant to section 4 of the Trade Licences Act, Cap. 13.04, the following persons are appointed as members of the Trade Licence Advisory Board:

Effective Chemicals Management in Saint Lucia Project

TERMS OF REFERENCE Training for Medical Staff

Goal: To improve capacity for treatment and diagnosis of chemical poisoning.

Objective: To train medical staff in the proper diagnosis and treatment of conditions related to chemical exposure and poisoning.

Background:

The Project, Effective Chemicals Management in Saint Lucia, seeks to contribute to the integrated and effective management of chemicals in Saint Lucia by:

Strengthening policy and regulatory framework for chemicals management

Improving the understanding and knowledge of the use and management of chemicals

Improving storage & handling of obsolete chemicals and pesticides

Developing capacity for safe disposal and/or treatment of chemical waste.

Disposing obsolete pesticides and chemical waste

Enhancing public awareness on the use and handling of chemicals among targeted groups

The Project will support the implementation of chemicals-related multilateral environmental agreements (MEAs) towards a holistic and integrated approach to chemicals management, building and enhancing the policy, legislative and institutional framework for chemicals management in Saint Lucia. Due to the widespread use of chemicals in various productive and

domestic activities, the occurrence of accidental chemical contamination and poisoning is elevated. In addition, medical practitioners have also had to deal with the unfortunate incidence of chemical poisoning as a result of ingestion, whether accidental or otherwise. These circumstances require immediate and effective treatment in order to increase the chances of recovery. As a consequence, it is necessary to have medical personnel who have the proper skills to effectively diagnose and treat cases of chemical poisoning so that proper remedial courses of action can be pursued. Medical practitioners are important partners in effective chemicals management as they help to reduce or eliminate the adverse impacts of toxic chemicals on human health. This training workshop is expected to improve the level of preparedness of medical practitioners to effectively diagnose and treat chemical poisoning in order to secure human health and safety.

Scope of work:

Working closely with the Sustainable Development and Environment Division of the Ministry of Sustainable Development, Energy, Science and Technology, the Consultant will:

Develop a training module on the diagnosis and treatment of conditions related to chemical exposure and poisoning

In consultation with medical staff, develop proper protocols in dealing with chemical exposure, poisoning and treatment

Conduct training workshops for up to 40 medical staff in the diagnosis and treatment of conditions relating to exposure to chemicals and chemical poisoning.

Make recommendations for proper responses to chemical exposure and poisoning in non-hospital settings (e.g. schools and at the workplace)

Prepare and submit a comprehensive report (including participant evaluations of the training workshops) upon completion of training the workshops.

Hold necessary national consultations and or meetings in undertaking training sessions.

Deliverables:

Training manual on the effective diagnosis and treatment of exposure to chemicals and chemical poisoning

Protocols for dealing with chemical exposure, poisoning and treatment

Training of 40 medical staff in the diagnosis and treatment of chemical exposure and poisoning

Comprehensive Report on the training workshop including an evaluation of the workshop in soft copy (1) and hard copy (2).

Duration:

The total contract duration will be for 2 months inclusive of training workshops and any needed meetings or consultations.

Profile of the Consultant

The consultant should:

Hold a degree in chemical engineering, medicine, chemistry, environmental sciences or relevant related fields

Have previous experience in undertaking similar exercises

Have at least 5-years experience in the environmental or medical field

Be aware of the Stockholm Conventions and other MEAs and their provisions regarding sound chemicals management

Be aware of best environmental and medical practices for the management of chemicals throughout their life cycle especially responding to chemical contamination or poisoning

Capable of understanding and expressing him/herself in the English

Applications are invited from suitably qualified persons and agencies to conduct Training: Proper Diagnosis and Treatment of Conditions Related to Chemical Exposure and Poisoning Consultancy under the Effective Chemicals Management in Saint Lucia Project.

Each application should be accompanied by a letter of interest to undertake the Training component of the Project. Your letter of interest including a proposal and cost of your services should be submitted in two separate plain sealed envelopes marked 'Confidential'. Please clearly imprint 'Trainer: Medical staff on the proper diagnosis and treatment of conditions related to chemical exposure and poisoning' at the top left corner of each envelope. These should be addressed to The Permanent Secretary, Ministry of Sustainable Development, Energy, Science and Technology and should be delivered to the Sustainable Development and Environment (SDE) Division at Balata, Union no later than 25th July 2012.

For clarifications, please contact Craig Henry of the SDE Division at 451-8746 or email sdestaff@sde.gov.lc.

Customs Notice No. 7 of 2012

Value Added Tax Transitional Provisions – Bonded Warehouse Facilities

Bonded Warehouse under the VAT - Transitional provisions

Background

A policy decision has been taken establishing that no credit for taxes paid on inventory in circulation within the domestic market. The taxes referred to are the Consumption Tax and the Environmental protection Levy which will be repealed immediately upon the implementation of the VAT.

The Government of Saint Lucia has proposed the use of the bonded warehouse facility under the supervision of the Customs & Excise Department (CED) to minimize on the incidence of double taxation on imported goods, and to smooth the transition phase of the implementation of the VAT on October 1, 2012.

A bonded warehouse is a facility provided under the Customs (Control & Management) Act Cap. 15.05 of the Revised Laws of Saint Lucia, where goods may be brought into the state and stored under Customs control until cleared for home use when all applicable duties and taxes become due and payable. If any goods are exported directly from the bonded warehouse only Customs Service Charge is payable.

Under the provisions of the Customs legislation there are specific rules governing the operation of a bonded warehouse which include, the establishment of suitable guarantee for the duties and taxes liable, the kind of activities which can be undertaken within the premises, and the types of goods which may not be warehoused.

Application procedures and conditions

These provisions are for the VAT transition purpose only and apply to requests submitted prior to September 30, 2012, and shall have effect from July 1 – December 31, 2012 only.

1. Application to operate a Bonded Warehouse under the VAT transitional provisions shall be submitted to the Comptroller of Customs & Excise in the form specified for that purpose and shall contain all the particulars required. The application shall be accompanied by an approved plan

endorsed by the Development Control Authority and the Saint Lucia Fire Department. The applicant shall also submit requests for the establishment of C47 and C58 bonds duly signed by the proposed guarantor.

2. The physical location of the proposed site must be to the satisfaction of the Comptroller of Customs.
3. Every Bonded Warehouse under the VAT transitional provisions shall be secured with two (2) locks, one for Customs and one for the warehouse operator. The foregoing notwithstanding, where the Comptroller is satisfied that the warehouse operator has a secure and reliable inventory control system, the privileges allowed under the open warehouse arrangement may be extended.
4. The applicant for a Bonded Warehouse under the VAT transitional provisions shall provide adequate acceptable security for the duty and tax liabilities on the goods to be warehoused. The amount of the security shall be as specified by the Comptroller who may also require the provision of adequate term insurance to cover against loss.
5. Subject to the approval of the Minister for Finance under the powers granted by virtue of Section 52 of the Customs (Control & Management) Act Cap 15.05 of the Revised Laws of Saint Lucia, the annual warehouse license fees may be waived for Bonded Warehouses under the VAT transitional provisions.
6. All duties and taxes due are to be paid before the removal of the goods. The establishment of a prepayment account with the CED will facilitate the compliance with this requirement.
7. Requests for attendance at a Bonded Warehouse under the VAT transitional provisions shall be in the specified form and made at least two hours prior to the time at which services are required. This however does not apply to facilities operating under the open warehouse arrangements. Operators are expected to exercise consideration when scheduling services to minimize any inconvenience for other operators. The Comptroller reserves the right to respond to any requests on a priority basis.
8. The operator of a Bonded Warehouse under the VAT transitional provisions shall be responsible for transporting Customs staff to and from the premises, and shall also be liable for the payment of any overtime expenses.

9. Considering the effective date of the cessation of the operation of these transitional arrangements, the operator of any warehouse under these transitional provisions shall pay all duties and taxes due on any goods remaining in the facility no later than December 15, 2012 and arrange for their removal. Alternatively, any operator wishing to continue to use the warehouse under the normal conditions shall make a formal application to the Comptroller in that regard. This application to regularize the warehouse shall be submitted no later than November 30, 2012.

10. All the other provisions of the Customs laws shall continue to apply. Any breach will result in sanctions which may extend to the revocation of the approval and the suing of the bond for settlement of any duties and taxes due.

Conclusion

The Customs & Excise Department will endeavour to entertain all applications received and shall respond within 72 hours to any inquiry, and notwithstanding the non-commencement of the VAT registration process, the Department shall grant approval upon consultation with the VAT Implementation Project Office regarding the likelihood of the applicant being eligible for registration.

AMENDED NOTICE OF REFERENCE

**THE EASTERN CARIBBEAN SUPREME COURT
IN THE COURT OF APPEAL
(CIVIL)**

SAINT LUCIA

CIVIL APPEAL No. SLUHCA 2012/0018

IN THE MATTER of the Attorney General's Reference (Constitutional Questions) Act Cap 17.18 of the Revised Laws of Saint Lucia 2006.

And

IN THE MATTER of the Attorney General referring to the Court for hearing and consideration, important questions relating to sections 41(2), 41(7), 107 and 108 of the Saint Lucia Constitution Order 1978

And

IN THE MATTER of Part 61.1(1)(a)(ii) of the Civil Procedure Rules 2000

The Attorney General of Saint Lucia

2nd Floor, Francis Compton Bldg.,
Waterfront, Castries, St. Lucia

Claimant

AMENDED NOTICE OF REFERENCE

**Pursuant to Part 20.1 of the
Civil Procedure Rules 2000**

Whereas the Attorney General's Reference (Constitutional Questions) Act Cap 17.18 of the Revised Laws of Saint Lucia 2006, provides for the referral of important questions of interpretation of the constitution and of legislation enacted by Parliament.

And Whereas by section 3 of the said Act, the Attorney General may, with the approval of Cabinet, refer to the Court for hearing and consideration, the interpretation of any constitutional provision or legislation enacted by Parliament.

And Whereas by Cabinet Conclusion Number 213 dated April 16, 2012 Cabinet approved the referral to the Court of the following important questions for consideration, namely:

Whether the reference in section 41(7)(a) of the Constitution should properly be to section 108 instead of section 107. If yes, was the reference to section 107 an error;

If the answer to question (1) is yes, whether the error may be judicially corrected merely upon the determination of this application of the Attorney General or by an application by the Attorney General to a Judge of the High Court or must the error be corrected by an alteration to the Constitution?;

If the answer to Question 1 is yes, whether the Agreement Establishing the Caribbean Court of Justice signed on February 14, 2001, ratified by Saint Lucia on July 5, 2002 and enacted into the laws of Saint Lucia as the Caribbean Court of Justice (Agreement) Act, No. 34 of 2003 constitutes an international agreement to which Saint Lucia is a party of the purpose of the provisions of section 41(7)(b)?;

If the answer to questions (1) and (2) are both yes, whether for the purposes of an alteration of the Constitution to replace appeals to Her Majesty in Council with appeals to the Caribbean Court of Justice, the Agreement between Saint Lucia and the United Kingdom referenced in section 41(7) (a) –

- i. may validly be entered into by Saint Lucia alone or in common with one or more other States of the Organization of the Eastern Caribbean which may have similar constitutional provisions?
- ii. may validly be entered into prior to the passage of the Bill referred to in section 41(2)?
- iii. and, if the answer to question 4(ii) is no, at what point in the process of any such alteration of the Constitution pursuant to section 41 may the said international Agreement be entered into.

If the answer to question (1) is no, which “Court (or Courts) having jurisdiction in Saint Lucia” is referenced by section 41(7) of the Constitution.

~~And Whereas by section 6 of the said Act, the Court has directed that the following persons are notified as persons interested and/or who are the representative of a class of persons interested, and that those persons are entitled to be heard in these proceedings:~~

NAMES OF INTERESTED PERSONS

1. ~~The Attorney General of Saint Vincent and the Grenadines~~
2. ~~The Bar Association of Saint Lucia~~

~~Take Notice that the Reference filed in the present proceedings will be considered by the Court of Appeal on the _____ day of _____ 2012.~~

~~You are invited to file submissions with the Court by the _____ day of _____ 2012, or by such other date that the Court may direct, should you wish the court to consider your submissions on these questions.~~

~~You should notify the Court no later than the _____ day of _____ 2012, should you wish to be heard at the hearing on the consideration of the questions that have been referred to the Court.~~

And Whereas by section 6 of the said Act, the Court has power to direct that any person interested or, where there is a class of persons interested, any one or more persons as representatives of that class, shall be notified of the hearing on a Reference and those persons are entitled to be heard thereon.

AND WHEREAS on June 25, 2012 the Court of Appeal conducted the Case Management Conference of this Reference and directed that –

1. The Attorney General publish a copy of the Notice of Reference filed herein on May 31, 2012 in (2) consecutive issues of (2) newspapers widely circulated in Saint Lucia and (2) consecutive issues of the Official Gazette;
2. All persons interested in being heard on the Reference may signify their interest by filing a Notice of Appearance at the Court of Appeal. The address for service of the Notice of Appearance shall the Court of Appeal, 2nd Floor, Heraldine Rock Building, Waterfront, Castries, Saint Lucia.
3. All Notices of Appearances must be filed and served on the Attorney General on or before August 31, 2012.
