Degree in Civil Engineering, Post Graduate Degree in Hydrology or related field.

Extensive (at least (10) ten years) experience in surface water resources studies or research.

Responsibilities:

The consultant is required to carry out the following activities:

Conduct community and professional stakeholder consultations.

Submit a report of consultations and a completed needs assessment.

Prepare a tender dossier to procure required equipment, hardware and software.

Oversee and manage the engineering of control structures and the installation and use of relevant equipment, hardware, software.

Develop a hydrologic model for St. Lucia that gives a representation of the water balance and can be used for hydrologic predictions.

Train relevant personnel in the operation and maintenance of equipment, hardware and software.

Conduct training for the effective functioning of a Flood Warning System.

Prepare a final report of recommendations for long-term requirements for hydrological monitoring.

Further information on the Specific Responsibilities is contained in the Terms of Reference which can be obtained from the Water Resource Management Agency. The contact number is: 757-450-2482/3540.

Proposals/Bids should be submitted to:

The Secretary
Central Tenders Board
Ministry of Finance
2nd Floor Financial Centre
Bridge Street
Castries, Saint Lucia

Please Telephone No. 758-450-2482 for more details for Terms and Reference.

Proposals/Bids must be submitted in sealed envelopes and there should be indication on the exterior of the envelope of the specific consultancy being tendered for. Bids should reach no later than July, 19, 2012 at 12:00 noon.

Unsuitable candidates will not be considered.

Applicants will be short listed and invited to attend interviews.

INVITATION TO BID

Effective Chemicals Management in Saint Lucia Project

Terms of Reference

Independent Monitoring, Evaluation and Reporting Objective

To ensure the timely, effective and efficient implementation of the QSP Project through constant monitoring and periodic evaluation of, and reporting on, the results and impacts of the projects.

Background

The Project, Effective Chemicals Management in Saint Lucia (ECM), seeks to contribute to the integrated and effective management of chemicals in Saint Lucia by:

Strengthening policy and regulatory framework for chemicals management

Improving the understanding and knowledge of the use and management of chemicals

Improving storage & handling of obsolete chemicals and pesticides

Developing capacity for safe disposal and/or treatment of chemical waste.

Disposing obsolete pesticides and chemical waste

Enhancing public awareness on the use and handling of chemicals among targeted groups

The Project will support the implementation of chemicals-related multilateral environmental agreements (MEAs) towards a holistic and integrated approach to chemicals management, building and enhancing the policy, legislative and institutional framework for chemicals management in Saint Lucia.

This calls for the establishment of a Monitoring, Evaluation and Reporting (MER) Mechanism to ensure the timely, effective and efficient implementation of the project through constant monitoring and periodic evaluation of, and reporting on, the impacts of the projects. The MER Mechanism is also expected to formulate recommendations on corrective measures when milestones are not met. This will contribute to more effective implementation of the ECM Project. To this end a National Consultant is required to develop and implement this MER Mechanism.

Activities to be undertaken

Working in close collaboration with the QSP Coordinator of the Sustainable Development and Environment Division, the Monitoring, Evaluation and Reporting (MER) Consultant will undertake the following activities:

Provide ongoing advice and assistance to the QSP Coordinator on the implementation of the QSP project activities;

Monitor the implementation of each activity against the milestones set; this would include attending and evaluating training workshops and other meetings;

Provide brief progress reports on all activities to the QSP Coordinator, for review and onward transmission to UNEP Chemicals;

Identify and report on deadlines missed, and recommend remedial actions;

Assess and report on the impact of projects activities against expected impacts;

Prepare and submit a final report on the implementation of all activities under the QSP Project;

Attend relevant national consultations and meetings;

Generally, the Consultant will work closely with the QSP Coordinator and will support the work as required

Duration

The total contract duration will be eight (8) months, inclusive of seminars/training workshops.

Profile of the Consultant

The consultant should:

Hold a degree in chemical engineering, chemistry, environmental sciences or relevant related fields

Have previous experience in undertaking similar assessments

Have at least 5-years experience in the environmental field

Be aware of the Stockholm and Basel Conventions and other MEAs and their provisions on sound chemicals management

Be aware of best environmental practices for the management of chemicals throughout their life cycle

Capable of understanding and expressing him/herself in the English

Demonstrate previous experience in monitoring, evaluation and reporting

Applications are invited from suitably qualified persons and agencies to undertake Independent Monitoring, Evaluation and Reporting Consultancy under the Effective Chemicals Management in Saint Lucia Project.

Each application should be accompanied by a letter of interest to undertake the 'Independent Monitoring, Evaluation and Reporting' component of the Project.

The letter of interest, along with a proposal and cost of services to be rendered, should be submitted in two separate plain sealed envelopes marked 'Confidential'. Please clearly imprint 'Independent Monitoring, Evaluation and Reporting' at the top left corner of each envelope.

These should be addressed to The Permanent Secretary, Ministry of Sustainable Development, Energy, Science and Technology no later than 4:30 p.m. on 29th June 2012.

For clarifications, please contact Mr. Craig Henry of the SDE Division at 451-8746 or email sdestaff@sde.gov.lc.
