### WATER AND SEWERAGE COMPANY INCORPORATED (WASCO) - ST. LUCIA

#### RAINWATER HARVESTING

#### REQUEST FOR EXPRESSIONS OF INTEREST

The Water and Sewerage Company Incorporated (WASCO) of St. Lucia has applied for financing from the Caribbean Development Bank (CDB) towards the cost the John Compton Dam Rehabilitation Project and intends to apply a portion of the proceeds of this financing to eligible payments under a contract for which this invitation is issued. Payments by CDB will be made only at the request of WASCO and upon approval by CDB, and will be subject in all respects to the terms and conditions of the Financing Agreement. The Financing Agreement prohibits withdrawal from the financing account for the purpose of any payment to persons or entities, or any import of goods, if such payment or import to the knowledge of CDB, is prohibited by a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations. No party other than WASCO shall derive any rights from the Financing Agreement or have any claim to the proceeds of the Financing.

WASCO now wishes to procure consultancy services for the Design and Implementation of Rainwater Harvesting (RWH). Previous studies have revealed significant water-access challenges are faced by some residents in certain communities which are served by the John Compton Dam. The objective of the consultancy is to implement a RWH Project for the Millet/Tete Chemin Community in Saint Lucia to mitigate the water scarcity issues by providing a sustainable alternative and supplementary solution. The Project is expected to improve access to safe adequate and sustainable water supply for the community residents and to contribute to gender equality in the community.

The scope of required services includes:

- Design and Implementation of a Community Needs Assessment Programme
- Design and Installation of Rainwater Harvesting Systems
- Develop a Public Awareness Program

The duration of the assignment is expected to be twelve months.

WASCO now invites interested eligible consulting firms to submit Expressions of Interest for this Consultancy.

*Consultants shall be eligible to participate if:*

(a) In the case of a body corporate, it is legally incorporated or otherwise organized in an eligible country, has its principal place of business in an eligible country and is more than 50 per cent beneficially owned by citizens(s) and/or bona fide resident(s) of eligible country(ies) or by a body(ies) corporate meeting these requirements;

(b) In the case of unincorporated firms, the persons are citizens or bona fide residents of an eligible country; and

(c) in all cases, the consultant has no arrangement and undertakes not to make any arrangements, whereby any substantial part of the net profits or other tangible benefits of the contract will accrue or be paid to a person not a citizen or bona fide resident of an eligible country. Eligible countries are member countries of CDB.

The attention of interested Consultants is drawn to paragraph 1.9 of CDB's Guidelines for the Selection and Engagement of Consultants (2011), setting forth CDB's policy on conflict of interest.

In the assessment of submissions, consideration will be given to technical competence, qualifications and experience, local and regional experience on similar assignments, financial capability and existing commitments. All information must be submitted in English. Further information may be obtained from the first address below between 08:00 and 16:30 hours Monday to Friday.

Four (4) hard copies of the Expressions of Interest must be received at the **second address** below no later than 12:00 hours on **March 15th 2017** and one hard copy must be sent simultaneously to CDB at the third address below. The sealed envelope containing each submission should include the name and address of the applicant and shall be clearly marked "**Expression of Interest – Consultancy Services for the Design and Implementation of Rainwater Harvesting**".

Following the assessment of submissions, the best qualified and experienced firm will be provided with full terms of reference and invited to submit technical and financial proposals to undertake the assignment. WASCO reserves the right to accept or reject late applications or to cancel the present invitation partially or in its entirety.

It will not be bound to assign any reason for not selecting any applicant and will not defray any costs incurred by any applicant in the preparation and submission of Expressions of Interest.

**DEPARTMENT OF FISHERIES**

**LOBSTER FISHERY CLOSED**

The Department of Fisheries informs that the Lobster Fishery will be **CLOSED** from March 01, 2017 until August 01, 2017, **both days inclusive**. When the Lobster Fishery is closed it is illegal for anyone to have lobsters in their possession.

According to the Fisheries Act Cap 7.15, Section 32, (2d) of the Revised Laws of Saint Lucia 2001 "a person shall not, fish for, remove from the fishery waters, give, or at any time have in his or her possession, expose for sale, sell or purchase any lobster."

The laws protecting lobsters are key tools in ensuring that lobsters can continue to provide a valuable income for local fishers, vendors and restaurateurs as well as a source of protein for the general public.

The Department of Fisheries continues to be concerned about the lack of compliance during the closed season. Members of the public, fishers, vendors and restaurant establishments that fail to comply threaten the sustainability of the lobster population.

As such, non-compliance with the closed season may result in the extended closure.

The Department appeals to the general public, especially purchasers and consumers to refrain from purchasing lobsters the closed season. Anyone caught violating the Fisheries Regulations may be fined up to EC\$5000.00 for each offence. Reports can be made to the Marine Police, the nearest Police Station or the Department of Fisheries. For additional information contact the Department of Fisheries at 468-4135 or 468 4141.

vehicles; gears, other than for land vehicles; grinding machines; guards (parts of machines); hammers (parts of machines); pneumatic hammers; mechanically operated hand held tools; handling apparatus for loading and unloading; hoists; holding devices for machine tools; mechanical discharging hoppers; jacks (machines); lawnmowers (machines); lift belts; lifting apparatus; loading ramps; lubricating pumps; lubricators (parts of machines); machine fly wheels; machine wheels; apparatus for machining; metal working machines; spray guns for paints; painting machines; pistons; pneumatic transporters; presses; pulleys; pumps (machines); rammers (machines); reduction gears other than for land vehicles; mechanical shovels; shaft couplings; bearings for transmission shafts; speed governors for machines, engines, and motors; spraying machines; superchargers; tarring machines; threading machines; threshing machines; transmission chains and shafts, other than for land vehicles; transmissions for machines; turbines other than for land vehicles; turbo compressors; valves (parts of machines); vehicle washing installations; vulcanization apparatus; washing apparatus; waste disposers (machines); watering machines; parts and fittings for all the aforesaid goods; mechanical engine parts for land vehicles, agricultural machinery, and earth moving machinery, namely, starting motors, alternators, pistons, cylinder heads, cooling systems parts, turbochargers, lubricating systems parts, air compressors, and blocks.

- 9 Scientific, nautical, surveying, electric, photographic, cinematographic, optical, weighing, measuring, signalling, checking, (supervision), life saving, and teaching apparatus and instruments; apparatus and instruments for conducting, switching, transforming, accumulating, regulating, or controlling electricity; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers; recording discs; automatic vending machines and mechanisms for coin-operated apparatus; cash registers, calculating machines, data processing equipment and computers; fire extinguishing apparatus; computer software, wireless sets (complete), television sets (complete), testing apparatus and instruments; cable and wire; conduits, switches, pressure switches, connectors, jump leads, fuses, circuit testers, voltage testers; fuse holders, transformers, battery testing apparatus for sale in kit form; thermostats, gauges, and levelling apparatus and instruments; tape measures and rules; microscopes, tachometers; diagnostic apparatus and instruments; meters; thermometers; alarms, horns, flasher units, reflectors, mirrors, aerials, and battery chargers; computer programs; computer software; couplings; petrol pumps; levels; locks; radios; batteries; starters; speed checking apparatus and instruments; battery cables; connectors for sale in kit form;

electrical terminals; electrical tape; water temperature regulators, probes; ammeters; battery testers, terminals, gas detectors; flow meters; cutting torches; ohmmeters; pressure measurement tools; welding apparatus; battery ground strap connectors; battery tie down connectors; conduit and wire protectors; emergency jump start apparatus, emergency jump start receptacle assemblies; voltage converters; welding apparatus; parts and fittings for all the aforesaid goods; parts and fittings included in Class 9 for land vehicles, agricultural machinery, and earth moving machinery, namely: amplifiers for wireless communications, antennas, antennas for wireless communications apparatus; audio equipment for vehicles, namely, stereos, speakers, amplifiers, equalizers, crossovers, and speaker housings, batteries for vehicles, devices for wireless radio transmission, electric control panels, electric luminescent display panels, electric relays; electronic and optical communications instruments and components, namely, optical transmitters; electronic and optical communications instruments and components, namely, optical receivers; electronic and optical communications instruments and components, namely, digital transmitters, electronic control systems for machines, global positioning systems, laser object detectors for use on vehicles, navigation apparatus for vehicles in the nature of on-board computers, radios for vehicles, voltage regulators, voltage stabilizers, and voltmeters.

- 12 Vehicles; apparatus for locomotion by land, air, or water; tractors and tractor engines; haulage trucks and trailer wagons; vehicle chassis; tires for vehicle wheels; wheels; tracks for vehicles; trucks; dump trucks; land vehicles incorporating loading, compacting, pipe laying, and grading apparatus; tire valves; mufflers; exhaust caps; silencers; radiators and radiator caps; hydraulic circuits and hydraulic adapters; couplings; air pumps; horns; mirrors; mudguards, mud flaps, spray guards, spray flaps; seats and seat belts; windscreen wipers and windscreen wiper blades, anti-skid apparatus; anti-skid chains; brakes for vehicles; brake linings for vehicles; fuel economizers; exhausts; hydraulic apparatus for land vehicles; vehicle covers; parts and fittings for all the aforesaid goods; parts and fittings included in Class 12 for land vehicles, agricultural machinery, and earth moving machinery, namely: cranks, camshafts, engines, bearings, rods, liners, transmissions for land vehicles, and structural, repair, and replacement parts therefor.
- 35 Advertising; business management; business administration; office functions; business management and consultation; provision of business information; product distribution operations management services; logistics consulting services, including supply chain

design and management; marketing services; compilation and systemization of information into computer databases; management and compilation of computerized databases; retail rental store services; on-line retail store services; retail store services; providing searchable computer databases, websites, and on-line information services relating to purchasing, renting, financing, repair, and maintenance of earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, and forestry vehicles, equipment, and machinery, engines, and power generation equipment.

- 36 Insurance; financial affairs; monetary affairs; real estate affairs; financing services; financial management services; issuance of debt securities; investment services; insurance services; credit services; warranty services.
- 37 Building construction; repair; installation services; service, maintenance, and repair of earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, and forestry vehicles, equipment, and machinery, engines, and power generation equipment, and control units for the aforementioned; machinery installation, maintenance, and repair; rental of earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, and forestry vehicles, equipment, and machinery, and power generation equipment; remanufacturing of engines, transmissions, power train components, power generation units, land vehicles, earth moving and conditioning machinery, material handling machinery, agricultural machinery, paving and construction equipment, electronic components of the foregoing, and consumer electronics.
- 39 Transport; freight brokerage; transport brokerage; freight forwarding; storage of goods; packaging of goods; provision of storage and transportation information; warehousing; travel arrangement; vehicle rental.
- 42 Scientific and technological services and research and design relating thereto; industrial analysis and research services; design and development of computer hardware and software; computer services; engineering and technical consultation; computer programming; providing online non-downloadable software; design of computerized information systems; testing and inspection of engines and machinery; testing, control, diagnosis, calibration, and monitoring of earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, and forestry vehicles, equipment, and machinery, engines, and power generation equipment, jobsites, machinery fleets, trucks, trucking fleets, and the operation of

machinery via computer networks and the internet; remote control and operation of earth moving, earth conditioning, material handling, construction, mining, paving, agricultural, and forestry vehicles, equipment, and machinery, engines, and power generation equipment via computer networks and the internet; data acquisition and analysis via computer networks and the internet; troubleshooting of computer hardware and software.
