### TERMS OF REFERENCE

## ENHANCING THE RESILIENCE OF THE SAINT LUCIA FIRE SERVICE DRAFT TERMS OF REFERENCE PROJECT COORDINATOR

### BACKGROUND

THE Government of Saint Lucia (GOSL) has received financing from the Caribbean Development Bank (CDB) towards the cost of the Enhancing the Resilience of the Saint Lucia Fire Service.

The Saint Lucia Fire Service (SLFS) is responsible for providing Saint Lucia with emergency response services, training, and fire prevention/investigation services. The SLFS has been facing increased pressures which have significantly strained the resources and capabilities of the service, additionally, projections have indicated that there would be increased hazards and weather-related events which would compound the already limited resources of the SLFS. Some of the limitations of the SLFS include.

- Degraded equipment and response vehicles
- Limited mental Health support for responders
- Insufficient emergency response and transportation resources
- The need to upgrade and modernise training resources and facilities.
- Limitations in gender equality
- Gaps in information technology processes and capabilities to support the SLFS

There is an urgent need to improve the SLFS to allow it to better position itself to deal with the current and emerging challenges that will be faced by Saint Lucia. This can be achieved by enhancing the capacity of the Saint

Lucia Fire Service to expand and improve emergency response services to reduce risk across the entire island of Saint Lucia.
