LOBSTER OPEN FISHERY 2023 - 2024

THE Department of Fisheries within the Ministry of Agriculture, Fisheries, Food Security and Rural Development informs the general public that the lobster fishery opens from **Wednesday, August 02, 2023 to Wednesday, February 28, 2024**, both days inclusive.

When the lobster fishery is open, lobsters may be obtained, fished for, sold and purchased; however, the following regulations are in effect in accordance with the Fisheries Regulations Chapter 7.15 of the Revised Laws of Saint Lucia:

1. No person shall harm, give, receive from anyone, or at any time have in his possession, expose for sale, sell or purchase:

- (a) any lobster that is undersized;
- (b) any lobster carrying eggs; and
- (c) any lobster which is moulting.

2. No person shall:

- (a) remove the eggs from a lobster, or have in his possession, or sell, or purchase a lobster from which the eggs have been removed;
- (b) spear, hook or attempt to spear a lobster;
- (c) sell any lobster that has been speared, hooked, or otherwise impaled.

3. In this Regulation: "undersized" means in relation to lobsters-

- (a) less than 9.5 centimeters (3.75 ins.) in carapace length measured from the ridge at the base of the horns to the end of the carapace (back shell); or
- (b) if the tail has been removed, a tail weight of less than 340 grams (12 ounces).

Contravention of these Regulations is subject to a maximum fine of **EC\$5000.00**.

The Department seeks the co-operation of everyone and encourages members of the public to report to

the Marine Police Unit, District Police Stations or the Department of Fisheries, any person or establishment found contravening the Lobster Fishery regulations.

Government of Saint Lucia

**REQUEST FOR EXPRESSIONS OF INTEREST
COMMUNITY LIAISON OFFICER**

THE Government of St. Lucia (GOSL) has received financing from the Caribbean Development Bank (CDB) towards the cost of the Vieux Fort Water Supply Redevelopment Project and intends to apply a portion of the proceeds of this financing to eligible payments under a contract for which this invitation is issued. Payments by CDB will be made only at the request of GOSL and upon approval by CDB, and will be subject in all respects to the terms and conditions of the Financing Agreement. The Financing Agreement prohibits withdrawal from the financing account for the purpose of any payment to persons or entities, or any import of goods, if such payment or import to the knowledge of CDB, is prohibited by a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations. No party other than WASCO shall derive any rights from the Financing Agreement or have any claim to the proceeds of the Financing.

GOSL through its Executing Agency, the Water and Sewerage Company Inc. (WASCO) now wishes to procure a Community Liaison Officer (CLO) to ensure that community engagement requirements are adhered

to during the construction phase of the Caribbean Development Bank financed project implemented by the Water and Sewerage Company Inc. (WASCO). The CLO will report to Head, Project Management Unit (HPMU).

The CLO will promote constructive partnerships and communication between WASCO and the communities on issues relating to project implementation and will be responsible for implementing community engagement activities as set out in the Stakeholder Engagement Plan (SEP). Among other activities, the CLO will:

- (a) Formulate a stakeholder engagement programme (e.g., information to be disclosed, format and communication methods; stakeholder consultation methods);
- (b) Schedule various stakeholder engagement activities.
- (c) Update the SEP to address any gaps identified;
- (d) Provide timely feedback to WASCO on concerns raised by community leaders;
- (e) Provide timely feedback to community members on project implementation, concerns raised or important decisions taken by WASCO in accordance with agreed protocols;
- (f) Assist WASCO with management of, and timely responses to grievances lodged through the Grievance Redress Mechanism (GRM) of the SEP;
- (g) Manage stakeholder engagement logistics such as soliciting suggestions/grievances from suggestion boxes, placing communication materials on notice boards and via social media, and arranging community meetings;
- (h) Facilitate stakeholder participation at all relevant levels in accordance with the identified needs of the different categories of stakeholders, particularly women. This may include other activities – participatory assessments and problem-solving of issues, concerns and opportunities, focus group discussions, information-sharing, and community meetings;
- (i) Assist in evaluating the social, environmental and economic impacts of Project activities on the well-being of community members using participatory approaches;
- (j) Assist in organising stakeholder meetings for the Team of Consultants who will be undertaking the Impact Evaluation of the Project; and
- (k) Assist WASCO in defining the scope of the Public Education and Awareness Programme for the Project.

The CLO is expected to possess the following minimum qualifications:

- (a) A Graduate Degree or commensurate qualifications in Sociology, Rural Development, Anthropology, International Development, Community Development or other relevant discipline.
- (b) A minimum of five (5) years' relevant practical experience encompassing stakeholder engagement practice, community development, and/or social research using participatory methodologies.
- (c) Fluency in English and the local Kweyol language is essential.
- (d) Proficient computer skills and good written and oral communication skills are required. Administrative and management competence would be an asset.

The qualifications and experience of any person subsequently assigned to the position of CLO shall be acceptable to CDB.

The duration of the assignment is expected to be intermittent over a six (6) months period.

WASCO now invites interested eligible individual consultants to submit Expressions of Interest for this Consultancy.

Consultants shall be eligible to participate if:

- (a) the persons are citizens or *bona fide* residents of an eligible country; and
- (b) in all cases, the consultant has no arrangement and undertakes not to make any arrangements, whereby any substantial part of the net profits or other tangible benefits of the contract will accrue or be paid to a person not a citizen or *bona fide* resident of an eligible country.

Eligible countries are member countries of CDB.

The attention of interested Consultants is drawn to paragraph 1.9 of CDB's Guidelines for the Selection and Engagement of Consultants (2011), setting forth CDB's policy on conflict of interest.

In the assessment of submissions, consideration will be given to qualifications and experience and local and regional experience on similar assignments. The

Expressions of Interest must include a detailed curricula vitae and all information must be submitted in English. Further information may be obtained from the first address below between 08:00 and 16:30 hours Monday to Friday.

Four (4) hard copies of the Expressions of Interest must be received at the first address below no later than 16:00 hours on 11th August 2023 and one copy must be sent simultaneously by email to CDB at the second address below. The sealed envelope containing each submission should include the name and address of the applicant and shall be clearly marked "**Expression of Interest: Community Liaison Officer – Vieux Fort Water Supply Redevelopment Project**". The subject line of the email to CDB shall also be entitled "**Expression of Interest: Community Liaison Officer – Vieux Fort Water Supply Redevelopment Project**" and the body of the email shall confirm the name and address of the applicant.

Following the assessment, the most technically capable and appropriately experienced applicant will be invited to interview for the post and, if successful, to then negotiate a contract to provide the consultancy services.

WASCO reserves the right to accept or reject late applications or to cancel the present invitation partially or in its entirety. It will not be bound to assign any reason for not selecting any applicant and will not defray any costs incurred by any applicant in the preparation and submission of Expressions of Interest.

be used for computing, sensing, scanning, recording, displaying, monitoring, data-processing, remote-controlling, predicting, programming, connecting to computer networks or for telecommunication purposes; wearable connected devices, namely computing devices to be carried by end-users, or to be worn on or into the body of end-users or to be incorporated into clothing, footwear, headgear, contact lenses, bags, textiles, fabrics, tissue and any kinds of materials and portable goods and accessories and that can be used for computing, sensing scanning, recording, displaying, monitoring, data-processing, remote controlling, predicting, programming, connecting to computer networks or for telecommunication purposes; wearable and portable computing devices; smartwatches; head-mounted displays; devices with electric, electronic and digital functions that can connect to computer networks and which have computing, sensory, scanning, communication, data-storage, biofeedback, physiological-tracking, health-monitoring, fitness-monitoring, predictive or augmented-reality capabilities, in the form of glasses, gloves, watches, clothing, footwear, headgear, bands and helmets; batteries; chargers; printers; covers for phones, smartphones, computers, tablets and other wearable and portable handheld computing devices; audio, imaging, video and radio apparatus and instruments; speakers; headsets; microphones; television and multimedia apparatus; displays; hands free kits for phones, smartphones, computers, tablets and other wearable and portable handheld computing devices; electronic publications; Global Positioning System (GPS) apparatus, instruments and devices; navigation apparatus for vehicles (on-board computers); navigational instruments; satellite navigational apparatus; apparatus and software for GPS navigation and mapping systems; chips; microprocessors; semi-conductors; smart cards (integrated circuit cards); printed circuits; remote control apparatus; downloadable sound, video and image files; electronic pens; electronic tags for goods; computer software, computer hardware and wearable computing devices allowing the remote monitoring, control and command of vehicles and vehicle parameters, of household appliances and furniture, of energy management systems, of home automation systems, of security systems, of home entertainment and audio/video equipment, of telecommunication devices, social media devices and computing devices, and of fitness and health telecare equipment; machine to machine (M2M) communications equipment and devices; computer game software; video game cartridges; memory cards for video game machines; software applications; spectacles; smart glasses; binoculars; spectacle frames; optical lenses; contact lenses; optical goods; optical glass; application programming

interfaces (APIs); computer software and hardware allowing to listen to music and read audio/video files, to send and read out electronic messages, to take, edit, read, display and share digital photographs, sounds and videos, to browse on the Internet, to chat and to connect to social networks; digital maps; software applications for providing location-based and contextually-relevant advertisement; vision recognition software; audio recognition software; computer software and hardware for the provision and rendering of travel and tourism advice and for providing information about location of entertainment venues, local education institutions, hotels, landmarks, museums, public transportation, traffic, parking information, weather, price comparison, shopping, advertisement, health and fitness, employment information, social activities and cultural events, Points of Interest (POIs), sporting events, food and drink; location tracking devices; software applications and hardware enabling the user to obtain location-related and contextually-relevant information; computer software and hardware providing health, fitness and well-being information; equipment and apparatus for measuring and/or recording different physiological or other parameters, including heart rate, blood pressure, weight, sleep quality, ventilation, body temperature, skin conductivity, blood glucose, lactic acid, time, speed, acceleration, altitude, environmental temperature, humidity and purity; downloadable software in the nature of a mobile application for displaying and sharing a user's location and finding, locating, and interacting with other users; computer software and hardware allowing online payment and payment at distance; computer software and programs, namely algorithms for the compression, decompression, encoding, decoding and processing of audio, video and imaging data; audio, video and images encoder/decoder (codec); computing and communication hardware and software for use by public safety agencies; air analysis apparatus; alarms; anti-theft warning apparatus; apparatus and instruments for astronomy; automated teller machines (ATM); bar code readers; computer memory devices; control panels (electricity); detectors; diagnostic apparatus, not for medical purposes; distance measuring apparatus; downloadable ring tones for mobile phones; electric installations for the remote control of industrial operations; electro-dynamic apparatus for the remote control of railway points and of signals; electronic notice boards; encoded magnetic cards and identification bracelets; extinguishers; fiber optic cables; glass covered with an electrical conductor; heat regulating apparatus; high-frequency apparatus; holograms; electric apparatus for remote ignition; intercommunication apparatus; interfaces for computers; lasers, not for medical purposes; life-saving equipment; light-emitting diodes [LED]; locks, electric; loudspeakers; masts for wireless aerials; material testing instruments and machines;

meteorological instruments; metronomes; monitoring apparatus, electric; monitors; optical fibers; optical data media; particle accelerators; pedometers; photocopiers; photovoltaic cells; precision balances; pressure measuring apparatus; printers for use with computers; probes for scientific purposes; radar apparatus; radiological apparatus for industrial purposes; radiotelephony sets; railway traffic safety appliances; telemeters; refractors; regulating apparatus, electric; remote control apparatus; satellites for scientific purposes; scales; scanners; signs, luminous; simulators for the steering and control of vehicles; gradient indicators; sonars; sounding apparatus and machines; steering apparatus, automatic, for vehicles; stereoscopic apparatus; teleprinters; telescopes; testing apparatus not for medical purposes; theft prevention installations, electric; thermometers, not for medical purposes; thermostats; traffic-light apparatus; USB flash drives; walkie-talkies; weighing machines; X-rays producing apparatus and installations, not for medical purposes; scales for medical and surgical purposes; displays and sensors for vehicles; parts, fittings and accessories of all the aforementioned goods.)

- 12 (Vehicles; apparatus for locomotion by land, air or water; driverless vehicles (autonomous vehicles); electric vehicles; automobiles; cars; cycles; bicycles; motorcycles; boats; trucks; locomotives; wagons; aircrafts; aeroplanes; cable transport apparatus and installations; civilian and military drones; aeronautical apparatus, machines and appliances; anti-theft devices for vehicles; engines, electric motors and propulsion mechanisms for vehicles; parts, fittings and accessories of all the aforementioned goods.)
- 35 (Advertising; business management; business administration; office functions; arranging \ subscriptions to telecommunication services for others; providing business and commercial information; commercial or industrial management assistance; collection, compilation, processing, management, updating and maintenance of data in computer databases; compilation of statistics; data search in computer files for others; demonstration of goods; computerized file management; market studies; office machines and equipment rental; provision of an on-line marketplace for buyers and sellers of goods and services; arranging and conducting of commercial, trade and business shows and exhibitions; outsourcing services (business assistance); procurement services for others; wholesale, retail and online store services in the fields of apparatus and equipment for recording, capturing, storing, processing, editing, displaying, transmitting and reproducing sound, images or video; wholesale, retail and online store services in the fields of telecommunications, information technology (IT) and networking devices, equipment, systems and software; wholesale, retail and online store services in the fields of phones, handheld mobile digital electronic

devices, wearable computing devices, horological and chronometric instruments, navigation devices, computers, computer hardware and computer software; wholesale, retail and online store services in the fields of energy management systems, home automation systems and security systems; wholesale, retail and online store services in the fields of medical, fitness and health-monitoring equipment and apparatus; wholesale, retail and online store services in the fields of heating, cooking, cooling and lighting apparatus and equipment; information, advisory and consultancy services relating to all the aforesaid services.

37 (Construction services; installation and repair services; rental of construction equipment; electric appliance installation and repair; machinery installation, maintenance and repair; installation, maintenance and repair of computers, tablet computers, computer hardware, computer peripherals, phones, smartphones, electronic organizers, smartwatches, cameras, audio and video equipment, wearable and portable computing devices, vehicles, office machines and equipment, household appliances, energy management systems, home automation systems, lighting devices and equipment, sanitary installations, security systems, home entertainment, fitness and health equipment, medical apparatus and instruments, machine to machine (M2M) communications equipment, electric and electronic apparatus, optical and navigation devices; installation, maintenance and repair of telecommunications and networking devices, equipment and systems; information, advisory and consultancy services relating to all the aforesaid services.

38 (Telecommunications services; telephone services; teleconferencing services; videoconferencing services; voice mail services; telecommunications routing and junction services; transmission of electronic mail; transmission of digital files; cellular telephone communication; communications by computer terminals; communications by fiber optic and wireless networks; satellite transmission; computer aided transmission of messages, sound, data and images; facsimile transmission; message sending; paging services (radio, telephone or other means of electronic communication); radio communications; radio broadcasting; television broadcasting; wireless broadcasting; streaming of data; video-on-demand transmission; news agency services; electronic bulletin board services (telecommunications services); rental, hire and leasing of telecommunications devices, equipment and systems; rental of telephones; rental of modems; rental of message sending apparatus; providing online forums; providing telecommunications connections to a global computer network; providing user access to global computer networks; providing telecommunication channels for teleshopping services; providing internet chatrooms; providing access to databases; rental of access time

to global computer networks; information, advisory and consultancy services relating to all the aforesaid services.

41 (Education; providing of training; entertainment; sporting and cultural activities; arranging and conducting of colloquiums, exhibitions, conferences, congresses, in-person educational forums, symposiums, seminars, award ceremonies and workshops; arranging and conducting of commercial, trade and business conferences; organization of competitions (education or entertainment); practical training (demonstration); coaching (training); audio, video and images editing and production services; electronic desktop publishing; news reporters services; on-line publication of electronic books and journals; providing on-line electronic publications, on-line music and on-line videos, not downloadable; publication of texts, other than publicity texts; publication of books; film production, other than advertising films; production of radio and television programmes; television entertainment; radio entertainment; rental of audio and video equipment; rental of cinematographic apparatus; rental of radio and television sets; game services provided on-line from a computer network; games equipment rental; information, advisory and consultancy services relating to all the aforesaid services.)

42 (Scientific and technological services and research and design relating thereto; industrial analysis, industrial research and industrial design services; quality control and authentication services; design and development of computer hardware and software; installation, maintenance and updating of computer software; computer programming; computer system analysis and design; computer virus protection services; computer security consultancy; engineering; electronic data storage; monitoring of computer systems by remote access; outsource service providers in the field of information technology; recovery of computer data; research and development of new products for others; consultancy in the field of energy-saving; energy auditing; provision of scientific information; scientific laboratory services; technical project studies; technological consultancy; telecommunications technology consultancy; scientific and technological analysis, research, development, planning, optimization, support, technical troubleshooting and consultancy services in the field of telecommunications devices, equipment, networks, systems, solutions and software; design, engineering and development of telecommunications devices, equipment, networks, systems, solutions and software; scientific and technological analysis, research, development, support, technical troubleshooting and consultancy services in the fields of artificial intelligence, nanomaterials, sensors, connectivity, information technology (IT), geolocation and mapping, navigation, computer hardware, computer software, computing technologies, data

analytics, audio technologies, imaging and video technologies, digital media technologies, multimedia technologies, virtual reality technologies, radio technologies, medical and healthcare technology, public safety technology, energy technologies, transport technologies, wearable computing devices, printing, automation, connected vehicles, connected furniture, connected clothing, connected consumer products, connected home appliances, machine to machines (M2M) systems, presence capture solutions; scientific and technological analysis and research services in the fields of vehicles, furniture, medical, clothing, audio/video, home appliances and consumer products that can communicate via computer or telecommunication network, as well as support, consultancy and development services relating to all the aforementioned services; cloud computing; server hosting; software as a service (SaaS) services; infrastructure as a service (IaaS) services; platform as a service (PaaS) services; application service provider (ASP) services; providing on-line (non-downloadable) software and mobile applications; providing temporary use of on-line non-downloadable software for use as an application programming interface (API); providing temporary use of on-line non-downloadable software development tools; rental of computer software and hardware; rental of audio, imaging, video, digital media, multimedia, virtual reality and presence capture software and hardware; data encoding and decoding services; leasing of data processing equipment; cartography services; mapping services; map creation services; on demand design services of online and digital maps; technical digital imaging services; industrial design; off-site data backup; research in the field of environmental protection and recycling; predictive analytics services relating to computer software, computer hardware and information technology (IT); information, advisory and consultancy services relating to all the aforesaid services.
