*Eastern Caribbean Supreme Court
Civil Procedure Rules*

**PRACTICE DIRECTION 62(D)
No. 2 of 2014
(Re-Issue)**

**SKELETON ARGUMENTS
AND LISTS OF AUTHORITIES**

THIS practice direction is made pursuant to Rule 4.2(1) of the Eastern Caribbean Supreme Court Civil Procedure Rules 2000.

Practice direction 62(D), No. 10 of 2011 is revoked and substituted by this practice direction.

1. Introduction

1.1 This practice direction supplements Rule 62.11.

1.2 Skeleton arguments and lists of authorities must be lodged either in support of or in opposition to every application or appeal. A skeleton argument should be concise and succinct. It should at the same time be comprehensive, in that, it should state all the points which a legal practitioner intends to raise and summarize the argument on each of those points. A point not raised or an argument not advanced in a party's skeleton argument may not be pursued at the hearing of the application or appeal without the leave of the court.

2. Context

2.1 In this practice direction -

(1) "Central Registry" means the Central Registry of the Court of Appeal situated at the Eastern Caribbean Supreme Court Headquarters in St. Lucia;

(2) "court" means the Court of Appeal;

3. Format

3.1 Skeleton arguments must comply with the provisions of Rule 62.11 and must-

(a) not normally exceed 19 pages in the case of an appeal on law and 15 pages in the case of an appeal on fact. Legal practitioners should not, assume that longer cases justify proportionately longer skeleton arguments and, in the case of interlocutory and shorter final appeals, it should normally be possible to do justice to the relevant points in a skeleton argument of considerably less than 10 pages;

(b) be printed on "letter size" paper, in not less than 12 point font and 1.5 line spacing. It is important that skeleton arguments be presented in a format that is easily visible. In particular, any size under 12 point font shall be inappropriate and may be rejected by the court.

3.2 A total of six sets of skeleton arguments and lists of authorities for the use of the court must be filed in support of/ opposition to every application or appeal, except where otherwise directed.

3.3 After skeleton arguments have been filed in accordance with the Rules, parties are required to send an electronic copy of the filed document to the Central Registry within 24 hours of filing. The document must be sent in either PDF or Microsoft Word format to offices@eccourts.org. The court will not accept electronic copies of documents that have not been filed.

4. Content

4.1 The appellant's skeleton argument should commence with a brief statement of the nature of the proceedings below, a similarly brief

statement of the facts material to the resolution of the issues which are said to arise on the appeal and a concise statement of those issues. The skeleton argument must then outline the points which the appellant intends to take and a brief statement of the appellant's argument on each of those points.

4.2 The respondent's skeleton argument should commence with a brief statement of the nature of the proceedings below and a similarly brief statement of the facts material to the resolution of the issues which are said to arise on the appeal, if different to the account given by the appellant. The skeleton argument must then respond to each of the points raised by the appellant in his/her skeleton argument and set out concisely any counter arguments.

4.3 A skeleton argument must contain:-

(a) a numbered list of the points which the legal practitioner wishes to raise. These should both define and confine the areas of controversy. Each point should be stated as concisely as the nature of the case allows.

(b) in respect of each authority cited-

(i) the proposition of law that the authority demonstrates; and

(ii) the parts of the authority (identified by page and / or paragraph references) that support the proposition.

(c) if more than one authority is cited in support of a given proposition, a brief statement as to the reasons for taking that course. The statement should not materially add to the length of the skeleton argument but should be sufficient to demonstrate, in the context of the argument -

(i) the relevance of the authority or authorities to that argument; and

(ii) that the citation is necessary for a proper presentation of that argument.

in the bid for a period of at least three years prior to the deadline for bid submission.

If the bidder is a Joint Venture (JV), the member in charge should meet these requirements.

ii. The Bidders shall submit reference lists for not less than one (1) successfully completed similar contract during the last three (3) years, for supply of school furniture at the amount of not less than US\$130,000 equivalent.

i iii. If the bidder is a Joint Venture (JV), all members should jointly meet all qualification requirements and the member in charge should have at least one successfully completed similar contract during the last three years.

More details about all requirements related to the Evaluation and Qualification criteria are specified in the Section III of the Bidding Documents and information on the Supply Requirements are specified in Section VI of the Bidding Documents.
