

THE following document is published with and form part of this Gazette:

No. 88 of 2014 — Legal Profession (Eligibility) (Benjamin Michael Gordon Elkington Q. C.) Order

*Ministry of Sustainable Development,
Energy, Science and Technology*

**POST OF PROGRAMME
ASSISTANT I**

*Office of the Protected Areas
Management (Soufriere)*

**RELATIONSHIPS AND
RESPONSIBILITIES:**

UNDER the general supervision of the Manager for Protected Areas, provides support for monitoring the Pitons Management Area (PMA) and other Protected Areas (PA) through scheduled individual site visits and visits conducted as part of Monitoring Teams to ensure (a) compliance with the Limits of Acceptable Change Study (LACS) for the PMA (2013) and other relevant environmental management and regulatory instruments; and (b) effective implementation of Protected Area Management Plans.

DUTIES AND TASKS:

Works with the Manager, PA to:

Monitor physical developments within the PMA, especially those approved by the Development Control Authority (DCA) placing particular emphasis on their compliance with the LACS for the PMA (2013); and

Establish a system to monitor changes within the PMA using the important Viewpoints Methodology prescribed in the LACS for the PMA (2013) to ensure preservation of the PMA landscape and Outstanding Universal Value.

Assists the Manager, PA with the following activities:

Networking with the Ministry of Physical Development, Housing and Urban Renewal and other Government Departments to facilitate effective monitoring of development activities within the PMA;

Organising consultations targeted at the Soufriere community and environs and landowners to raise awareness of

The recommendations of the LACS for the PMA (2013) and the benefits to be derived from stakeholder compliance with these recommendations; and

Any other proposed development activities to be undertaken by government within the PMA and Environs and Soufriere Region generally;

Coordinating PA management activities with the Soufriere Marine

Management Organisation, the Department of Forestry, and the Department of Fisheries to ensure that the integrity biodiversity and health of the marine environment of the Pitons Management Area are maintained and where possible enhanced;

Organising workshops, meetings and consultations with environmental management and community development agencies and stakeholder groups to build local consensus and foster community participation and stewardship in the PMA and PA generally;

Preparing the State of Conservation (SOC) Report to the World Heritage Committee (WHC);

Developing and implementing the following:

Public education and awareness programmes for the PMA and PA generally to facilitate greater dissemination of information on Protected Areas; and

Projects geared towards addressing threats to the biodiversity of the PMA and PA generally;

Conducting research that informs PA management activities such as; managing threats to PA biodiversity, assessing the impact of World Heritage Status on the PMA, assessing and managing PA carrying capacity etc.;

Prepares reports as follows:

Reports on site visits conducted

within the PMA to include reporting on physical developments, natural changes, biological changes and the impact of human activities on the Protected Area to document observations, issues and concerns raised during monitoring visits as well as recommendations for addressing them; and

Quarterly and annual reports on all monitoring activities in Protected Areas using a prescribed format to ensure documentation of observations for record keeping and to provide information for follow-up actions.

Performs any other related duties as may be assigned by the Manager from time to time to fulfil the mandate of the Office of the Protected Areas Management.

CONDITIONS:

Congenial administrative office accommodation will be provided at the Protected Areas Management Office in Soufriere.

The Position is available on contract for an initial period of twelve (12) months with the possibility of extension upon satisfactory performance.

Salary will be paid at the level of Grades 9 in accordance with the amount stipulated by the Government of Saint Lucia in the Estimates of Expenditure.

A Gratuity of twenty-five (25%) of the gross annual salary will be paid upon completion of the contract.

Institutional support will be provided through appropriate Civil Service Regulations, Statutory Instruments and Departmental Guidelines.

You will be required to attend regular departmental meetings and to report on work in progress.

Vacation leave will be provided for in accordance with the Public Service Regulations and stipulated in the Employee Contract document.

The holder of this post must have a valid driver's licence and must own a vehicle.

EVALUATION:

Work performance will be evaluated on the basis of:

Proven knowledge and understanding, and the effective application of civil service administrative rules and regulations;

Compliance with departmental guidelines and standard operating procedures;

Effective implementation of duties and assignments as defined in the job description;

Ability to plan and organize work;

Timely completion of assigned work and meeting task deadlines;

SKILLS, KNOWLEDGE AND ABILITIES:

A working knowledge of, and ability to interpret administrative rules, collective agreements, and other directives relating to Government Administration;

Demonstrated knowledge and understanding of:

Ecosystems (including that of the PMA), Protected Areas conservation and management, Protected Areas monitoring procedures; and current biodiversity issues;

Methods, materials, practices and principles used in architectural design and building construction;

Laws and regulations governing building construction;

Ability to

Read and interpret construction blueprints, building construction plans and specifications and to recognize deviations from such plans in the construction process;

Maintain records and prepare reports;

Establish and maintain effective working relationships with associates

and the general public;

Have excellent verbal and written communication skills in English and the ability to communicate fluently in Creole;

Have excellent interpersonal and communication skills, and the ability to work with communities and organisations;

Be a highly energetic, self-starting and creative individual;

Be flexible and organised, and can work well in a team environment or alone with minimal supervision;

Have good analytical and research skills;

Have a high level of competence with MS Office (Word, Excel and PowerPoint).

QUALIFICATIONS AND EXPERIENCE:

Grade 9

Bachelor's Degree or Diploma in fields related to Natural Resource Management (NRM) or Environmental Science.

Diploma in Building Technology.

At least 2 years working experience in a Natural Resource Management (NRM) or related field.

Applications should be made on the prescribed Government application forms along with certified copies of documents pertaining to qualifications, plus two (2) recent references.

The same should be addressed to:
