FOR CLIMATE CHANGE AND CLIMATE
VARIABILITY IN AGRICULTURE IN
SAINT LUCIA PROJECT**

**CONSULTANCY SERVICES FOR
KNOWLEDGE MANAGEMENT AND
COMMUNICATION SPECIALIST**

THE Government of Saint Lucia (GOSL) has received
financing from the Caribbean Development Bank (CDB)
in an amount equivalent to US\$9,858,570.00 towards the
cost of the Building Resilience for Adaptation to Climate
Change and Climate Variability in Agriculture Project and
intends to apply a portion of the proceeds of this financing
to eligible payments under a contract for which this
invitation is issued. Payments by CDB will be made only
at the request of GOSL and upon approval by CDB, and
will be subject in all respects to the terms and conditions
of the Financing Agreement. The Financing Agreement
prohibits withdrawal from the financing account for the
purpose of any payment to persons or entities, or for
any import of goods, if such payment or import, to the
knowledge of CDB, is prohibited by a decision of the
United Nations Security Council taken under Chapter
VII of the Charter of the United Nations. No party other
than GOSL shall derive any rights from the Financing
Agreement or have any claim to the proceeds of the
Financing.

*The Ministry of Agriculture, Fisheries Food Security and
Rural Development), the Executing Agency, now wishes
to procure consultancy services for the KNOWLEDGE
MANAGEMENT AND COMMUNICATION
SPECIALIST.*

As part of the Project Management Unit,
the KNOWLEDGE MANAGEMENT AND
COMMUNICATION SPECIALIST as part of the
Project Management Unit (PMU), will be responsible
for executing activities under Component 3 - Knowledge
management and transfer of capacity building to
institutional and local level adaptive capacities.

The duration of the assignment is expected to be for a period of 24 person months with the possibility of an extension based on performance.

The Ministry of Agriculture, Fisheries, Food Security and Rural Development now invites interested eligible individual consultants to submit Expressions of Interest indicating qualifications and experience required to provide these consultancy services.

Consultants shall be eligible to participate if:

- (a) the persons are citizens or *bona fide* residents of an eligible country; and
- (b) in all cases, the consultant has no arrangement and undertakes not to make any arrangements, whereby any substantial part of the net profits or other tangible benefits of the contract will accrue or be paid to a person not a citizen or *bona fide* resident of an eligible country.

Eligible countries are member countries of CDB. Consultants are advised to review the detailed eligibility criteria detailed in Section 4 and conflict of interest provisions in Section 5 of the Procurement Procedures for Projects Financed by CDB (January, 2021), as published on CDB's website.

In the assessment of submissions, consideration will be given to qualifications and experience on similar assignments.

All information must be submitted in English. Further information may be obtained from the first address below between 9:00 am and 4:00 pm hours Monday to Friday. TERMS OF REFERENCE

Government of Saint Lucia

BUILDING RESILIENCE FOR ADAPTATION TO CLIMATE CHANGE AND CLIMATE VARIABILITY IN AGRICULTURE IN SAINT LUCIA PROJECT

KNOWLEDGE MANAGEMENT AND COMMUNICATION SPECIALIST

1. BACKGROUND

1.1 The Government of Saint Lucia has received financing from the Caribbean Development Bank in an amount equivalent to USD\$9,858,570 towards the cost for the Building Resilience for Adaptation to Climate Change and Climate Variability in Agriculture in Saint Lucia project. The objective of the Project is to build resilience in Saint Lucia's agriculture sector for livelihoods security through enhanced adaptive capacities for Climate Change and Climate Variability.

1.2 The Project is also responsive to Saint Lucia's Nationally Determined Contributions to address food security, community and national level interventions in water resource conservation and management. Gender equality will be mainstreamed throughout the Project to ensure gender equity is embedded in project interventions. An estimated 12,000 farmers and their families are expected to be direct beneficiaries of the Project.

2. INSTITUTIONAL ARRANGEMENTS

2.1 Under the operational and technical supervision of the Project Manager, the Knowledge Management and Communication Specialist will provide technical and coordination support in aspects of data capture, knowledge management, and communication for transfer of climate adaptation data for sustainable climate resilience in agriculture for livelihood security and income generation.

2.2 The Knowledge Management and Communication Specialist will also supervise the Web Portal and IT Specialist, ensuring the effective development and management of the project's web portal and IT database.

3. SCOPE OF SERVICES

3.1 The Knowledge Management and Communication Specialist will:

- (a) Familiarise himself/herself with the Project Document, particularly Component 3 and the Climate Change Interpretation and Learning Laboratory Centre (CCILLC) in Component 2. Component 3 is cross-cutting, and attention needs to be given to the capacity building activities in Components 1 and 2.
- (b) Provide oversight on the inventory and needs assessment to set baselines in adaptive capacities in climate change adaptation and to build climate resilience in the agriculture sector. This will require working with the Project Team Leaders to agree on the best methodology to capture the information, taking into consideration the ease of electronic storage of the data.
- (c) Provide reminders to Project Team Leaders on six monthly and annual updates of the inventory.
- (d) Liaise with other agencies to collect and manage data related to climate adaptation.
- (e) Develop a Terms of Reference for the establishment of a database for climate change and climate resilience in agriculture, which provides data on climate change and climate variability, built adaptive capacities in the natural resources in the farming systems, and improved livelihood security, (production, incomes, and employment generation) resulting from project activities.
- (f) Provide data and updates on climate change and climate variability and climate adaptation specifically building resilience in farming systems, to the Ministry of Agriculture, Fisheries, Food Security and Rural Development (MAFFSRD) web portal.
- (g) Provide updates to the climate change section web portal with the support of the Information Technology Unit in the MAFFSRD.
- (h) Manage the database and the web portal to provide data and information on lessons learnt as a result of the project activities and changes in farm production and in incomes of the beneficiaries.
- (i) Prepare the schedule and facilitate training and capacity building activities under the three Components for data capture and sharing and facilitate the smooth implementation of these training activities at different levels in the project through reminders to the respective Component Team Leaders, and receive copies of quarterly reports with lessons learnt.
- (j) Have personal responsibility for arrangements for the capacity building in the Department of Extension and

Advisory Services and for the policy officers in the Central Planning Unit.

- (k) Collaborate and make arrangements through the Ministry of Equity, Social Justice and Empowerment to provide support in the formation of organisations as proposed in Component 3 including providing training in conflict resolution.

4. MONITORING AND EVALUATION

4.1 The Knowledge Management and Communication Specialist will be responsible for the following monitoring and evaluation activities, in alignment with the Project Results Framework:

- (a) Tracking the number and types of public and community institutions with the capacity to plan and adapt to the risk of climate vulnerability and change.
- (b) Monitoring the number of farm families with reduced risk from extreme climate events, ensuring that farms and farm families are directly benefiting from the project by 2027.
- (c) Ensuring the development and maintenance of a comprehensive national land use plan for the agricultural sector, including an agricultural sector data management system and information portal.
- (d) Conducting regular field assessments to monitor changes in farm productivity, water security, and livelihood security, particularly in Agricultural Regions 1, 2, 4, 6 and 7.
- (e) Overseeing the collection and analysis of data related to farm productivity, adaptive capacities, and the impact of project interventions on reducing vulnerability to climate change.
- (f) Preparing six-monthly summary reports and annual progress reports, including detailed data on the achievement of project targets and outcomes.
- (g) Facilitating surveys, direct interviews, and the collection of data for project reports, ensuring accurate and reliable information is gathered for evaluation purposes.
- (h) Coordinating with the Project Manager and other team members to ensure timely submission of reports and updates to stakeholders, including the Ministry of Agriculture, Fisheries, Food Security and Rural Development (MAFFSRD).

5. SUPERVISION OF THE WEB PORTAL AND IT SPECIALIST

5.1 The Knowledge Management and Communication Specialist will supervise the Web Portal and IT Specialist in their duties, including:

- (a) Developing a Terms of Reference for the establishment of a database for climate change and climate resilience in agriculture, which provides

data on climate change and climate variability, built adaptive capacities in the natural resources in the farming systems, and improved livelihood security, (production, incomes, and employment generation) resulting from project activities.

- (b) Providing data and updates on climate change and climate variability and climate adaptation specifically building resilience in farming systems, to the Ministry of Agriculture, Fisheries, Food Security and Rural Development (MAFFSRD) web portal.
- (c) Providing updates to the climate change section web portal with the support of the Information Technology Unit in the MAFFSRD.
- (d) Managing the database and the web portal to provide data and information on lessons learnt as a result of the project activities and changes in farm production and in incomes of the beneficiaries.

6. CLIMATE CHANGE INTERPRETATION AND LEARNING LABORATORY CENTRE

6.1 The Knowledge Management and Communication Specialist will:

- (a) Manage conferences and cultural events on climate change adaptation and resilience of the farming systems as directed by the Project Manager.
- (b) Collaborate with the IT and Web portal specialist to facilitate the development of a design for a conference room to provide a graphic story of climate change and climate variability, climate adaptation and lessons learnt in building resilience in agriculture in Saint Lucia. The walls of the conference room area should support graphics, photographs and other exhibits of built adaptive capacities and social and environmental resilience at different levels in the project area.
- (c) With the support of the Agriculture Research and Development Plant Scientist assigned from the Department of Research and Development, establish two climate control grow rooms for following different climate variables on selected food crop varieties. This will include the design of the two rooms, maintenance of the rooms, selection of irrigation and growing systems and the selection of the crop varieties to be tested for drought or temperature resistance.
- (d) In collaboration with the Project Manager, follow up on preliminary inquiry to engage the interest of relevant partners (University of the West Indies – Mona Climate Studies Group, IICA, FAO etc.) which includes two one-month visits to the CCILLC, to ensure best decision-making on the design and selection of climate control equipment, and to provide guidance on data collection, interpretation and statistical significance to climate variations in open field conditions.
- (e) Collaborate with the Communications Unit of the MAFFSRD on the hosting of the annual competitions

on climate change and climate variability to build resilience in agriculture. Collaborate with the Media Unit in the MAFFSRD for their support on preparation of leaflets, videos and other training and communication material for promotion and awareness building on climate change and climate resilience in agriculture in the CCILLC.
